

ASSEMBLY PROGRESSIVES DRAW NEW TAX BILL

GERMANY READY TO YIELD?

ARMISTICE IN RUHR SAID IN BERLIN TO BE A POSSIBILITY

Suspension of Hostilities Between Germany and France is Freely Mentioned

BRITAIN IN NOTE TO FRANCE ESSAYS ROLE OF MEDIATOR

Joint Allied Reply to German Note is Regarded as Likely

PARIS.—By the Associated Press.—An armistice or suspension of hostilities between Germany and France in the Ruhr has been mentioned quite freely in Berlin recently, says the Commercial Times Thursday.

Britain in Mediator Role

PARIS.—By the Associated Press.—A note from Lord Curzon, British secretary for foreign affairs, asking what was meant by the positive resistance which Germany had shown in the Ruhr, and whether it was a suggestion of such resistance, the British would be willing to accept the French ultimatum when it met Thursday.

It was indicated after the meeting that the British would be on the alert for a French move, as the French desire to consider fully whether there may not be found some adjustment of the British and French positions.

Joint Reply Likely

BRUSSELS.—By the Associated Press.—The allied powers are in the habit of considering the Ruhr as a separate entity, and are not prepared to consider the Ruhr as a part of Germany, and are not prepared to consider the Ruhr as a part of Germany, and are not prepared to consider the Ruhr as a part of Germany.

The conflict of views between the allied powers is continuing, with Britain and France making it clear they consider it impossible that Germany make an official declaration disavowing acts of sabotage and shootings in the Ruhr and leaving the population of the valley to a fate from any overt act toward the occupying troops.

BIG SUIT STARTED BY PETER VALIER IN FEDERAL COURT

Peter Valier has brought suit in United States court here against the United States Police and Gendarmery against the seizure of his car. This is the first of a series of suits and actions against the police and gendarmery in this city, which Valier claims are the result of the seizure of his car by the police and gendarmery in this city, which Valier claims are the result of the seizure of his car by the police and gendarmery in this city.

WEATHER REPORT

For June 14, 1923, the weather is generally fair, with a few clouds. The temperature is in the 60s and 70s. The wind is light and variable. The humidity is moderate. The precipitation is light.

SENATE APPROVES PRIVILEGE TAX ON WISCONSIN AUTOS

MADISON, Wis.—The Heck bill levying a two per cent highway privilege tax to supplant the present personal property tax on automobiles was finally approved by the senate Thursday, 17 to 11. The previous attempt to pass a similar bill failed. The proposed tax would yield about \$2,500,000.

THRILL OF A LIFETIME

As an echo of the recent Chinese finger, Berkeley, Calif. Both boys were captured with their parents. They were well treated by the outlaws, and released after four days. Bandits gave them clothing they are wearing.

NINE SLASHED TO DEATH IN FIGHT BETWEEN CHINESE AND BRITISH ON BOARD SMUGGLER

NEW YORK.—The crew of four men and five passengers missing from the two-masted British schooner Mary Beatrice which was found drifting off Sandy Hook Wednesday night, were killed in a battle of pistols and axes, according to stories told by the survivors to immigration officials when the craft was brought into quarantine Thursday.

MAYOR OF STEVENS POINT NAMED HEAD OF CITIES LEAGUE

STEVENS POINT, Wis.—Mayor J. N. Welshy of this city was elected president of the Wisconsin League of Municipalities and Eau Claire was chosen as the league's 1924 meeting place at the closing session of the convention here Thursday.

Robbing of municipalities of their sources of revenue by the state was denounced by Mayor Hean in a discussion of taxation. The mayor told the convention that the state had gradually taken for itself railroad, insurance, inheritance and other taxes, automobile and liquor licenses and fines for Severson law violations, the effect being to permit the state to escape levying a direct tax but compelling local governments to increase their rate of property taxation.

CANOE IS RAMMED BY DRY NAVY BOAT MAN IS DROWNED

DETROIT, Mich.—William McNeer, 23, was drowned and Miss Helen Clark, 18, was rescued after the canoe they were paddling in the Detroit river Wednesday night was rammed and sunk by a government prohibition enforcement boat, according to a report received early Thursday by Lieut. Joseph Burkholder, harbor master.

THREE ARE FINED IN POLICE COURT

Three fines were imposed in police court Wednesday afternoon and Thursday morning. Raymond Bakalars was assessed \$12.50 Thursday for speeding on a motorcycle, while John Masterbrook and June Hanson, were fined \$7.50 and \$5.50, respectively on charges of abusive language and intoxication.

BLAINE AND DAHL COME TOGETHER ON SUBSTITUTE PLAN

New Measure Will be Put Forward in Place of Dahl Bill Which Comes up Friday

CONSERVATIVES CONFIDENT THEY CAN KILL BILL IN THE SENATE

Substitute Similar to Joint Committee Senate Bill

MADISON, Wis.—By The Associated Press.—C. E. Hanson, chairman of the assembly tax committee, issued a statement through the governor's office Thursday announcing that at a conference held in the executive office Wednesday night agreement was reached on a new tax bill to be offered in the lower house as a substitute amendment to the Dahl general income tax proposal. The announcement said that Governor Blaine and Speaker John L. Dahl had both agreed to back the new measure.

The conference was attended by Speaker Dahl, Governor Blaine, Robert M. La Follette, Jr., Herman L. Ekern and members of the assembly tax committee.

Breach is Repaired

Agreement of Speaker Dahl and Governor Blaine on the new proposal brings these men together for the first time since March 10, when disagreement made a breach in the progressive ranks.

With Governor Blaine agreed to support the new compromise revenue plan, progressives announced that they would strive to force the Dahl bill through the closely divided senate. They express the opinion that passage may be taken for granted in the assembly.

Speaker Dahl declared that he had done everything in his power to get a tax bill, and that he would let others take responsibility for fostering the measure in the upper house.

With agreement reported between the speaker and the governor, the La Follette forces were expressing confidence that they would not get a tax bill through both houses at the present session. The conservatives expressed a like confidence that they can kill any tax plan in the senate.

Resembles Committee Bill

From a description of the new bill given by the Hanson statement the measure is seen to have practically the same features as the finance committee bill killed last Saturday with defection of five progressive republicans, who voted against the proposal.

Under provisions of the bill individual rates range from one percent on the first \$1,000 of taxable income to ten percent on incomes over \$11,000. This normal individual rate applies also to one half of the dividends received by individuals from corporations.

Corporation Rate Unchanged

The corporation rate is practically the same as under the existing income tax law. Of the \$14,000,000 which the bill would raise, forty percent goes to municipalities and sixty percent is retained by the state. Mill taxes are retained. Administrative features of the present income tax law are retained.

For the purpose of final assessment of railroads the governor and attorney general are added to the tax commission. Progressives are now to attempt to unite their forces behind this plan.

Dahl Bill Up Friday

The assembly will bring up the Dahl tax bill Friday and, according to Speaker Dahl, will not content itself with endorsement of the bill, but will suspend rules at that time and pass it over to the senate.

There is a report here that Speaker Dahl will leave his chair to take the floor in support of his bill. He is expected to tell something of its history and trace the course of the tax fight that ended in a general killing of bills on last Saturday.

The conservative senators are predicting that all tax legislation, as sponsored by the progressives, will be killed in the upper house. They then will await the action of Governor Blaine, who some time ago threatened to veto appropriation bills unless a tax bill was passed. He at that time expressed opposition to income surtaxes as means of raising revenue.

Severson to Urge Surtaxes

Senator H. J. Severson, author of the various surtax plans, announces that in the event no tax bill is passed, he will offer amendments to all large appropriation bills, calling for imposition of surtaxes on incomes to raise the needed revenue. These amendments will likely be offered to the university, normal school, board of control and tuberculosis eradication bills.

Should the surtax amendments be adopted, the administration senators say that the governor would probably sign the bills. Otherwise there is

Fleeing Premier In Stand Against Bulgarian Troops

SOFIA.—By the Associated Press.—Premier Stamboulsky is reported to have been halted near Tatar Bazardjik and is said to be making a stand against the government troops with several hundred peasant guards. Several casualties have already occurred.

Part of this band fled in a motor car but was caught and arrested.

It is officially asserted that last March, Stamboulsky asked from the treasury four million Swiss francs, ostensibly for state purposes, but really for other ends.

It is reported a large quantity of machine guns and ammunition was discovered at Stamboulsky's home near Sofia.

CALEDONIA WOMEN PLUNGE DOWN BANK IN A CLOSED CAR

Mrs. L. L. Duxbury and Miss Genie Kennedy Have Narrow Escape on Turnpike

FORMER IS INJURED AND HER COMPANION ESCAPES

Tree Saves Two from Bad Spill in Swamp Across River

Mrs. L. L. Duxbury and Miss Genie Kennedy of Caledonia had a narrow escape from death when their car plunged down the embankment on the La Crosse turnpike late Wednesday afternoon and stopped when it lodged against a tree with the front wheels in the water at the swamp edge. Mrs. Duxbury suffered a deep cut on the forehead and was badly bruised.

Enroute to La Crosse in a Ford coupe owned and driven by Mrs. Duxbury they had reached a point half way between La Crosse and this city when the car suddenly darted to one side of the road and went over the embankment running diagonally down the steep hill. Just as the machine was about to turn over it lodged against a tree with the front wheels in the water.

Mrs. Duxbury was brought to St. Francis hospital, where Dr. R. E. Flynn sewed up a deep cut on the forehead and treated various bruises. Miss Kennedy escaped injury. Both women suffered from the shock of the accident. Mrs. Duxbury was taken to her home at Caledonia last night.

A wrecking machine pulled the Duxbury car back on the road and it was brought to the city for repairs. One fender was smashed and the top was damaged.

FEARED GIRLS WOULD GET MONEY; HID IN HAYSTACK FOR MONTH

CROSBY, Minn.—Members of a Crosby road crew late Wednesday found Ivan Glas, 30, buried in a haystack, with but his head uncovered. The man, who disappeared May 15, was found in a starving condition, more dead than alive and so weak he could not sit up. Fearing three iron girls were after \$500 which he had in a Superior, Wisconsin, bank, the man built a nest in the haystack with a place for the head outside.

For fifteen days, he told his rescuers, he had managed to crawl to a lake for a drink, but finally became so weak that he could not leave the haystack and was without water for at least ten days and has had no food for a month. He is expected to recover.

SAYS LA FOLLETTE TOOK ISSUE WITH OWN RAIL PROPOSAL

MITCHELL, S. D.—That Senator La Follette of Wisconsin, in the Chicago conference of members of congress called by him last month to protest against the interstate commerce commission's valuation of railroads of the country, took issue with his own plan of valuation, is the assertion made in an address here Wednesday night by H. E. Byram, president of the Chicago, Milwaukee & St. Paul Railway company.

TO PAY FIGHT GUARANTEE GREAT FALLS, MONT.—By The Associated Press.—The second \$100,000 of the \$300,000 guaranteed Jack Dempsey for his match with Tommy Gibbons July 4 positively will be paid Friday, Jack Kearns, manager of the heavyweight champion, was advised today.

SEVERSON PROPOSAL FOR CAPITOL INQUIRY VOTED DOWN BY BADGER SENATE

MANY LA CROSSE PEOPLE WILL GO TO FETE SUNDAY

Anniversary of Discovery of Mississippi to Draw Hun- dreds from this City

PART OF PAGEANT WILL BE STAGED BY LA CROSSE CAST

Coaching and Directing in Charge of Miss Cora Desmond

A LARGE delegation from La Crosse will attend the 250th anniversary of the discovery of the Mississippi river at Prairie du Chien next Saturday and Sunday. The cast of the pageant, part of which is to be put on by La Crosse people, under the direction of Misses Cora Desmond and Calvina Linsie of the high school faculty, will be taken to the downriver city in cars. James Murray is in charge of the committee to arrange for transportation. He reports that about 100 cars from La Crosse will make the trip, some of them going Saturday, others on Sunday morning.

Miss Desmond, who coached the players in the pageant, attempted to secure the best voices in the city for the oratorical and singing parts. A list of the cast follows: Interpreter, Fred Harkness; Big Chief, Kermit Engstrom; Father Marquette, Lawrence Naegle; Joliet, Milton Stoen; French Messenger, August Gram; dancers, Mand Jarvis, Mary Boschert, Calvina Linsie, Margaret Gartenstein, Jane Orton, Dorothy Kroner, Katherine Wolfe, Mildred Olson. The girls will all appear in symbolic and interpretive dances. They are being drilled by Miss Linsie.

Other participants will be George Howe and Mrs. V. Leo Simones, soloists, and Frank Hickish, John Harkness, John Kevin, Julian Kevin, Edward Conway, John Walters, Robert Harrier, Bernard Volz, Joseph Boschert, Dudley Emmert, Julius Roth and William Birbaum.

Miss Bernice McDonald of West Salem will sing. Miss Elizabeth George will be accompanist.

PROPERTY OFFSET REPEALED IN BILL ASSEMBLY O. K.'S

MADISON, Wis.—The C. E. Hanson bill repealing the personal property offset in the income tax and occupation taxes on grain storage and coal was engrossed by the assembly Thursday, 67 to 16. An attempt to put the bill on final passage failed for want of the necessary majority.

The assembly Wednesday finally passed another bill by Assemblyman Hanson prohibiting the use of the personal property offset in the paying of back taxes.

The assembly sent to third reading and, under suspension of the rules, finally passed the Polakowski senate bill appropriating \$150,000 for a university extension building in Milwaukee.

WINES NOW PROPER BON VOYAGE GIFT AT FRENCH PORTS

PARIS.—The "drying up" of the trans-Atlantic liners has revolutionized the selection of bon voyage gifts to departing friends. Baskets of fruit formerly went to the steamship passengers. Now the baskets are filled with an assortment of wines, champagnes and brandies, with occasionally a cocktail shaker added.

CHINESE PRESIDENT RESIGNS; GIVES UP GOVERNMENT SEALS

LONDON.—By The Associated Press.—President Li Yuan-Hung of China has resigned and turned over to his captors at Tientsin the government seals which he took with him in his flight from Peking, says a dispatch to the Evening News, from its Tientsin correspondent.

COMMITTEE MEETING CALLED FOR FRIDAY

L. F. Robinson, chairman of the committee on ways and means, has called a meeting of the committee for Friday evening at 7:15. The committee will consider the resolution to appropriate \$5,000 for the Fair association.

RESOLUTION FAILS TO MAKE SPECIFIC CHARGES IS CLAIM

Garey Leads Fight Against Pro- posed Investigation of Acts of Officials

GOOD GOVERNMENT AND DECENCY DEMAND INQUIRY SAYS SEVERSON

Moran, Involved in Proposed Probe, Has Nothing to Say

MADISON, Wis.—By The Associated Press.—The senate Thursday killed, 15 to 12, the Severson resolution calling for an investigation of alleged malfeasance on the part of state officials, and of facts surrounding the disappearance last week of Senator Barney Moran.

Senator H. J. Severson, author of the resolution, had previously asserted that he would ask a grand jury investigation of charges he says have been made against state officials. He did not say on the floor whether this action will now be taken.

Charges Not Specific

Opposition was directed to the resolution on the ground that it failed to state specific charges against legislators or officials. Speakers pointed out that a law enacted by the present legislature would permit the houses to remove any state officials for cause by an affirmative action and without any reference to the governor.

Senators joined with eight progressives and five independents to kill the proposed inquiry into the alleged malfeasance of state officials and legislators.

How the Vote Stood

The roll-call by which the Severson resolution was defeated, follows: For the resolution: Casperson, Clark, Huber, Kuckuk, Lang, Schumann, Severson, Skogmo, Smith, Titus, Werden, White—12.

Against the resolution: Barber, Reifer, Billefen, Burke, Czerwinski, Garey, Gettelman, Heck, Hirsch, Johnson, Kemp, Polakowski, Quick, Ridgway, Roethe, Staudenmayer, Tensdale, Cashman—15.

Moran was excused from voting.

Garey Leads Fight

Senator A. E. Garey, editor, floor leader of the administration, led the fight against the suggested quiz. He declared he would favor "any investigation when there was something to investigate," but he said "when two or three senators from political animus make charges that are not worth the paper they are written on, based upon something that may have been gathered in a barber shop or a sewing circle, I am opposed."

Senator Garey challenged the movers of the resolution to show that they had offered any proof to the governor or made any charge to him that there had been malfeasance on the part of state officers. He used a grand jury investigation as the proper means of attacking the problem.

Senator Severson when asked to explain his resolution, rose and declared that "in view of the fact that senators had said on the floor that there was no telling where an investigation would lead," it would not be necessary for him to explain the resolution.

Refers to Newberry Probe

"I do not see how any senator who stands for common decency and good government can vote against the measure," Senator Severson said. "Let me suggest," he added, "that the same arguments are made here as in the case of Lorimer and Newberry, that there was no basis for charges and that there should be a grand jury investigation."

The senator said that "men in charge of departments have been in custody of officers and taken to the county jail," and asked if that would not appear to give grounds for an investigation.

Senator Henry Roethe opposed the resolution on the ground that it did not afford a proper subject for legislative inquiry and would tend to lengthen the session. He said that questions of policy were involved that should not be taken up by the senate.

Moran Noncommittal

Senator Moran, involved in the investigation, said that he did not wish to make a statement on the floor. He said that if the resolution were adopted he would explain his disappearance to the committee and if killed would be glad to explain later to the senate. But pending the outcome of the

(Continued on page six)

BARBER URGES NEED OF STRICT EUGENICS LAW IN WISCONSIN

Conditions at State Institutions Show Necessity for Physical and Mental Examinations

MADISON, Wis.—The need of a stringent eugenics law, which would require the physical and mental examination of both male and female before marriage, is emphasized by an investigation of conditions in the various state institutions, according to a report just submitted to Governor Blaine by Senator J. L. Barber of Marathon. Senator Barber was chairman of a legislative investigating committee which inspected the various institutions early this year. His report is separate from that made by the rest of the committee.

There are 42 deaf and dumb children at the state school for the deaf at Delevan. All of whom were born to parents who are deaf and dumb. Senator Barber's report reads: "This shows that if persons who are deaf and dumb are married their children will be deaf and dumb."

"In the state school at Sparta there is one woman who is feeble-minded and she has five children, all confined to that institution and costing the state \$5,000. In the home for the feeble-minded at Chippewa Falls there is a woman who lived for some years with a man without being married. Being a woman of very low morals and feeble-minded she gave birth to ten children, all of whom are feeble-minded. They are costing the state \$10,000."

"Is this not sufficient evidence that it is dangerous and very expensive to permit this class of people to become married? We should have a law on our statutes prohibiting marriages of this character unless they who seek marriage be sterilized, and in the event such people go out of the state to get married their marriage should be considered null and void. Such a law, however, should give the people the right of appeal to the board of control in the event they feel that the physician examining them did not do them justice."

In his report, Senator Barber also recommended that the state engineering department be placed under the board of control. The report criticizes the work of the engineering department at several of the institutions declaring that buildings are poorly arranged and improperly constructed.

It is also recommended that all farms now owned by the state be operated separately from the institutions and that an experienced farmer be appointed as superintendent to control all farms, under the jurisdiction of the board of control.

ASPIRIN

Say "Bayer" and Insist!

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-three years and proved safe by millions for

Colds	Headache
Toothache	Lumbago
Ears	Rheumatism
Neuralgia	Pain, Pain

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacturing of Monocetate-diester of Salicylic acid.

BROADCASTERS CAUSE MOST TROUBLE, SAY OBSERVERS

WASHINGTON—The much maligned radio amateur is "at last vindicated."

Official observations made by engineers of the Bureau of Standards for a period of seven months, and still being continued today, point to the fact that it isn't the amateur who causes most of the interference to reception of concerts from broadcasting stations, but the broadcasting stations themselves.

Centering their observations on two broadcasting stations—one KDKA at Pittsburgh and the other WLB at Minneapolis—the engineers sought to discover the effect their messages had on nearby and distant receiving stations. They conclude that "the reliability of signals from a given station first decreases and then rises as we increase the distance" from that station.

In their reports from between 200

and 1000 receiving stations, monthly, the engineers were able to classify the sources from which interferences were being experienced. After tabulating these sources, they showed that an average of 30.9 per cent of the interference came from other broadcasting stations, while amateurs with spark sets furnished 3.5 per cent of the trouble, and those with C. W. sets only 2.3 per cent.

Other forms of interference recorded, and the percentage of their mischief, were:

Static, 18.1; fading, 13.5; oscillating receiving sets, 5; commercial stations, 2.1; power lines, 1.2.

Of all the stations reporting, 23.2 per cent experienced no interference whatever.

The Bureau of Standards is seeking the co-operation of more listeners in its search for the actual causes of interference.

any departure from the historic and settled policy promulgated by the founders of the republic of avoiding all European entanglements.

"The entire history of this country proves the truth of the warning of George Washington that 'against the insidious wiles of foreign influence the jealousy of a free people ought to be constantly awake, since history and experience prove that foreign influence is one of the most baneful foes of republican government' and 'that the great rule of conduct for us in regard to foreign nations is, in extending our commercial relations to have with them as little political connection as possible,' and that it is 'unwise in us to implicate ourselves by artificial ties in the ordinary vicissitudes of Europe's politics or the ordinary combinations and collisions of Europe's friendships or enmities.'"

CHILDREN SEE MICHIGAN

FARMER DROWN IN POND

IRON MOUNTAIN, Mich.—Alex Swanson, 50 years old, a farmer, was drowned while bathing with some of his children in a pond near his farm. He was a good swimmer, but was seized with cramps.

Population of the United States increased at the rate of 2 1/2 per cent for the twenty years prior to 1900.

KEEN INTEREST IS SHOWN IN SUNDAY VACATION SCHOOL

Attendance Largest in History of the Institution Conducted Every Summer

The church vacation school is now running in full blast every morning at the First Baptist church. Children are seen gathering as early as 8 o'clock in order to play volleyball before the school opens for the day's work at nine o'clock. The superintendent of the school, Rev. W. S. Stewart reports that he is having the best school yet held. This speaks well for the school as it is now in its third year of activity.

One of the unique things of the school this year is the training in unselfishness and missionary zeal. The school is planning to hold a Christmas tree at its close, on which tree each member of the school place some article he or she has made during the expressional part of the school's time. These articles are to be sent to a missionary in Japan to be given away as Christmas gifts among the children there. A great deal of enthusiasm has already been aroused among the children in this matter.

Although this school is being held in the First Baptist church, and although its force of teachers are all members of the church, the entire instruction is not denominational; but rather is it the desire of the teachers

DO YOUR FEET HURT?

When shoes pinch or corns and bunions ache, get a package of Allen's Foot-Ease, the antiseptic, healing powder to be shaken into the shoes. It takes the sting out of corns, bunions and calluses, and gives instant relief to smarting, itching, swollen feet. At night when your feet ache and burn from excessive dancing or walking, sprinkle some Allen's Foot-Ease in the foot-bath and you will relieve your foot troubles. Over 1,500,000 pounds of powder for the feet were used by our Army and Navy during the war. Sold everywhere. Trial Package and a Foot-Ease Walking Doll sent free.

ALLEN'S FOOT-EASE, Le Roy, N. Y.

Try crisp Post Toasties with Luscious Strawberries

THE full, rich flavor of these toasted flakes of ripened corn blends with the flavor of the berries to make a breakfast treat you'll want to repeat.

Post Toasties are just the thing for "strawberry" days. Light, yet firm in texture—easy to digest, yet amply nourishing—golden brown Post Toasties, the improved Corn

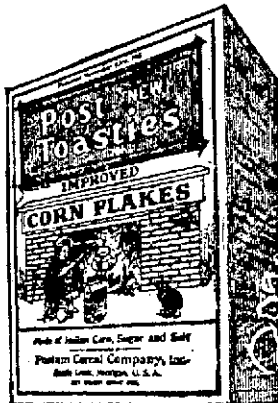

Flakes, keep their appetizing crispness to the last delicious spoonful.

Delightful, too, with sliced bananas, oranges, pineapple, or any kind of fruit or berries, either fresh or preserved.

Order Post Toasties by name from your grocer and be sure to get the Yellow and Red package.

Post Toasties improved CORN FLAKES

Made by Postum Cereal Co., Inc.
Battle Creek, Mich.

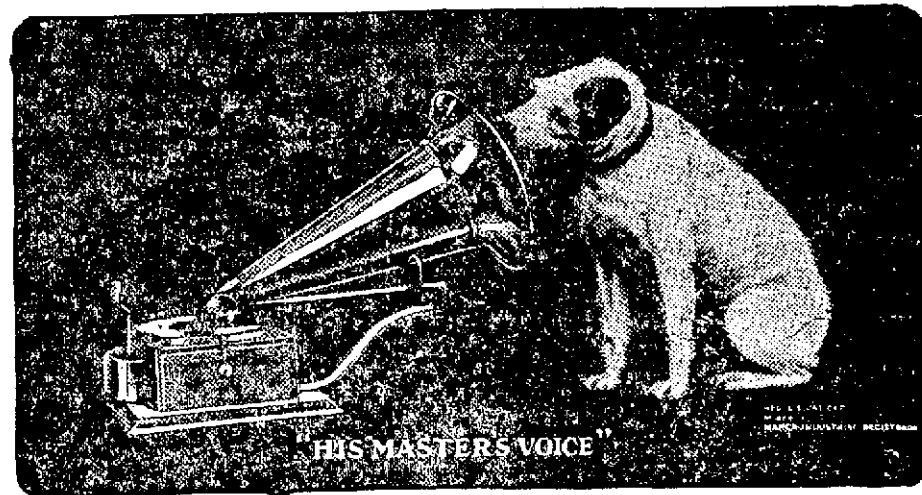

to build into the lives of the children of the city such religious instruction as ought to be the heritage of every child. To that end, therefore, one learns that already there are children from seven different Sunday schools who are taking advantage of this big privilege that is offered to all the boys and girls of the city without any expense.

The children are now eagerly looking forward to the first school picnic which will be held on this coming Saturday. Part of the program of the school is the regular Saturday picnics for the children. Many a child is hoping that "Old Sol" will smile that day as a very happy time is in prospect. The school is growing each day. As

the good news is told by the children who come to their friends, other children come to share the inspiration and the joy. All children are given a warm welcome.

First "doctor of medicine" was Guglielmo Gordonio who received the honor from the College of Aosti, in Italy, in 1220.

Out tomorrow

New Victor Records Special Issue

Underneath the Mellow Moon Alice Green—Edna Brown
River Shannon Moon Charles Hart—Lewis James

The waltz tune that has been tantalizing you is probably one of these numbers; you will want both. One is by soprano and contralto, the other by two tenors; you get the tune you want, and another tune for a surprise, and harmony with the pair.

No. 19071 10-inch List Price 75c

When Will the Sun Shine for Me? International Novelty Orchestra
Gone (But Still in My Heart) Great White Way Orchestra

You will find these fox-trots easy to dance to. By all means include them in your purchase. No. 19069 10-inch List Price 75c

Saw Mill River Road Great White Way Orchestra
Everything is K. O. in K-Y. Paul Whiteman and His Orchestra

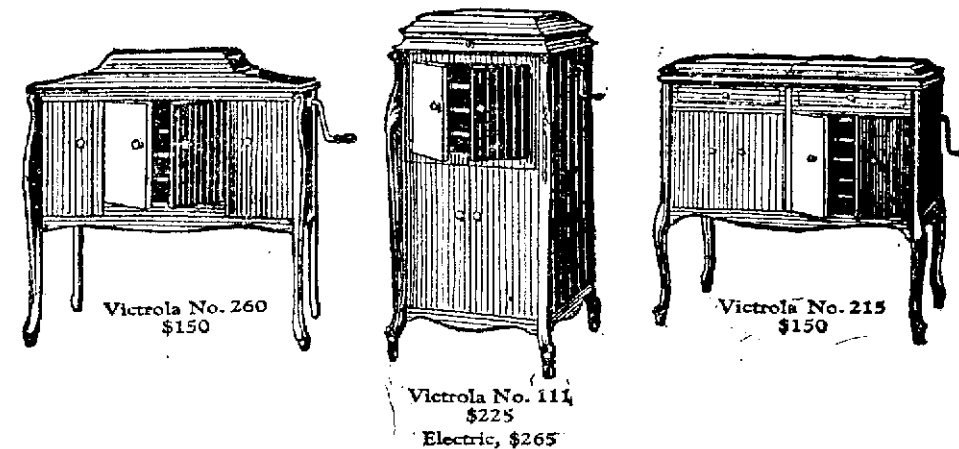

"Saw Mill River Road" introduces a record you must have. It is graceful as a gavotte; it's a fox-trot, though, as you will discover in two steps. It is linked up with a blue-grass fox-trot with an old time tune in it. Paisley designs and colors. No. 19074 10-inch List Price 75c

Wild-Flower Great White Way Orchestra
Dreamy Melody—Rocky Mountain Moon The Troubadours

"Wild-Flower" is something like an old-fashioned coconut dance with whistling effects; better add it to your list and keep up to date! "Dreamy Melody" is like its name—a slow, rhythmic, new waltz. No. 19077 10-inch List Price 75c

Hear these new Victor Records on any Victrola shown below

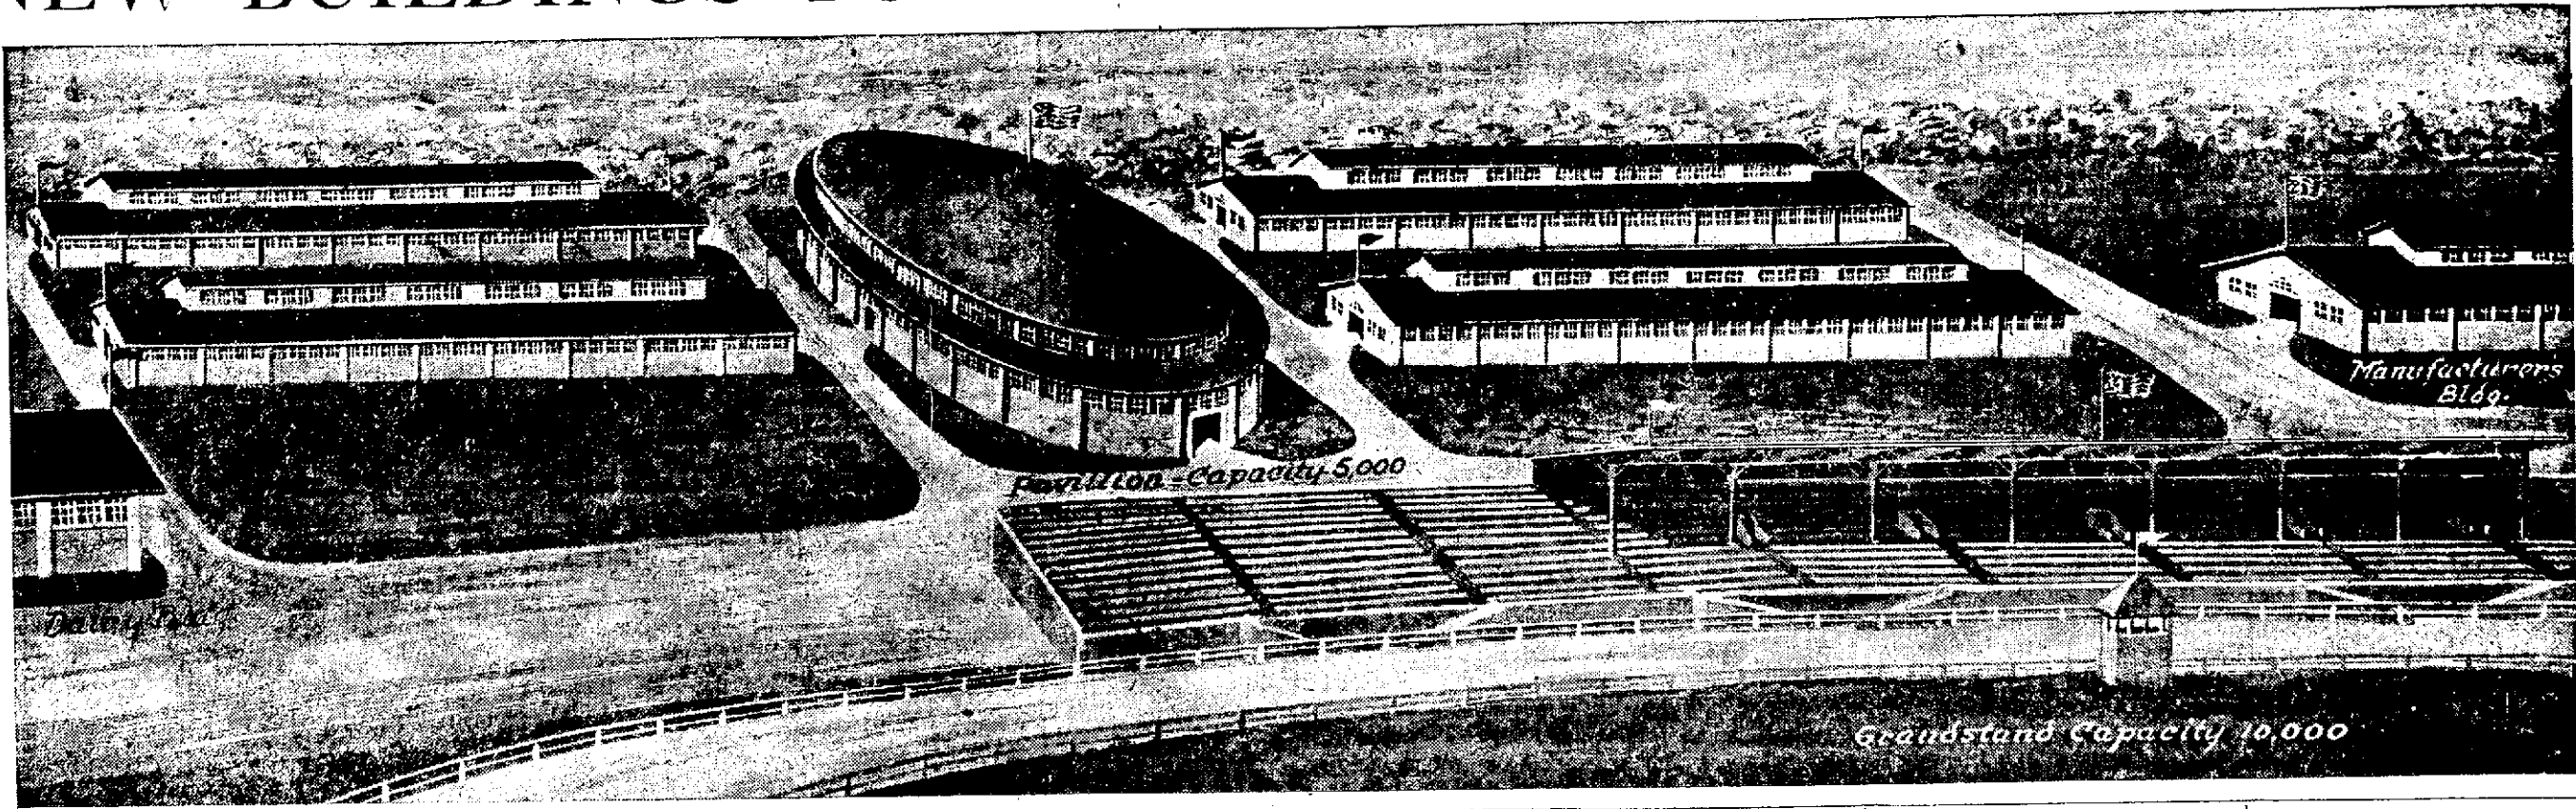

That's the way to hear Victor music at its very best. The Victrola, Victor Records, Victrola Tungs-tone Needles, all three are Victor products, specially made to be used together, and the results obtained clearly demonstrate the advantages of always using them in combination. Besides the three styles of the Victrola shown below there are fifteen other models from \$25 up.

LA CROSSE

NEW BUILDINGS TO MAKE BIGGER FAIR IN LA CROSSE

DIRECTORS OF CHAMBER OF COMMERCE AND FAIR UNITE IN COUNTY WIDE CAMPAIGN

FARMERS INVITED TO JOIN IN BIG LOCAL MOVEMENT

Sum of \$125,000 in Stock Must be Sold to Complete Building Program Outlined

Directors of the La Crosse Interstate Fair association and Chamber of Commerce will launch a campaign this week to sell \$125,000 stock in the fair association and complete the building program outlined a year ago. At a joint meeting of the directors of the fair and Chamber of Commerce President George H. Gordon of the fair association presented in detail the building plan decided upon, which is designed to make this one of the finest fairs in the country.

One unit of the proposed new buildings was erected in 1922, and a second unit will be erected this year opposite the building constructed last year. These two buildings will be used for the housing of cattle.

Plan Other Units

It is proposed to erect a new concrete grandstand on the west side of the half mile track, facing east, with a seating capacity from 8,000 to 10,000.

On the space of ground between the four cattle buildings it is planned to erect a stock judging pavilion with a seating capacity of 5,000. The judging ring will be large enough to judge all livestock shown at the fair.

At least three horse barns are needed to take care of the trotting horses and show horses which are usually entered at this fair. In addition snail, able and sanitary barns are needed for the housing of swine and sheep.

Another building is needed for the display of dairy exhibits and agricultural products.

Grandstand Plans

It is proposed to erect the grandstand in such a manner that all available space underneath the building can be used for the display of automobiles and other exhibits. Sanitary toilets and dressing rooms for the actors who perform in front of the grandstand will be installed on the first floor.

It is planned to grade the grounds on the west side so that all available space can be used for new buildings and approaches.

The stockholders and directors of the La Crosse Interstate Fair association will have full control of all of the proposed new buildings. When the fair is not in progress the directors will be willing to allow any building or buildings to be used for any community purpose or by the common council or county board of supervisors. Consent may be obtained from the fair directors and a reasonable charge may be made for the use of the buildings.

Is County Project

"It is the hope of the directors of the fair that the grounds may become a community center and that all the citizens of the city and county of La Crosse will become interested in making this project a success," said Mr. Gordon.

"We must sell stock to the amount of \$125,000 to the farmers and businessmen of La Crosse county. If this is done we will build up a fair of which the community will be proud and which will mean large returns to the city and county of La Crosse."

Olive Oil Shampoo Gives Soft Lustre To Dull, Dry Hair

To be beautiful, your hair must have lustre. Dull, dry hair simply detracts from the most charming face. Now specialists on hair beauty tell you to use a gentle shampoo of olive oil to have hair that is soft and glossy. They say that you must never wash your hair without olive oil. Do this and see new beauty come to dry, brittle hair. Get a bottle of PALMOLIVE SHAMPOO at any department or drug store. The most delightful of olive oil shampoos. Cleanses gently, and leaves the hair lovely, gleaming, soft and pliant as a baby's.

LOCAL GIRL ONE OF THREE QUEEN GRADS

Miss Mary Baldwin Graduates
This Week From the University of Wisconsin

One of three "queen grads" in this year graduating class from the University of Wisconsin is Miss Mary Baldwin of La Crosse, who led the annual promenade at the University in 1922. Miss Baldwin, who is a member of the Alpha Phi sorority, graduates from the course of home economics at the La Crosse high school this year.

The other graduates in this year's class who have enjoyed the distinction of being "queen grads" are Miss Margaret Foss of Burlington, Iowa, queen in 1921, and Miss Lucile Pauline, an alumna of Nebraska, queen in 1920.

The commencement week program ends Thursday evening with the exercises for the Wisconsin Library school in the city library, and the presentation of the annual center class in the open air theater back of Bascom hall.

Dr. Charles H. Bunting, professor in reference in the university, a native of La Crosse, will be one of the speakers on the program this year.

The center class play, "The Road to Yesterday," will be presented for the first time on Thursday evening, and the annual concert of the school of music on Friday evening. A feature of the class day at 4 o'clock on Friday afternoon, on Main street, will be the presentation of the medals awarded by the Western Intercollegiate conference for excellence in scholarship and athletics.

The play of peace ceremony will be held at 11 o'clock on Friday night on the lower campus, and will open with live dances and songs about a camp fire.

The annual day program on Saturday will open at 10 a. m. with a golf and concert, followed by a business meeting of the annual. An informal reception will be given at the home of the president, E. A. Kier, at 9 o'clock in the evening, to graduates and alumni.

VICTORIA OLSON IS BRIDE JUNE 5 OF ARTHUR MOHRHUSEN

A VERY pretty wedding was solemnized Tuesday, June 5, when Miss Victoria Olson, daughter of Mr. and Mrs. Edward Olson, 1428 Adams street, became the bride of Mr. Arthur H. Mohrhusen of Milwaukee. The marriage was performed at the parsonage of St. Paul's Lutheran church, by the Rev. H. T. Braa, at high noon. The bride was attended by Miss Eileen Gallagher as bridesmaid, and Mr. Melvin Olson, brother of the bride, was the best man. After the ceremony a three course dinner was served at the home of the bride, only relatives and a few intimate friends being present. The bride was attired in a gown of grey crepe, with shoes and hat to match and carried a shower bouquet of roses and lilies of the valley. The bridesmaid wore black crepe with hat to match and carried a corsage bouquet of sweet peas.

Mr. and Mrs. Mohrhusen will spend a week's honeymoon at Grand Rapids, Mich. They will be at home to their friends at 543 Jefferson street, Apartment 40.

The bride is a popular young woman of the city. She was employed as long distance operator at the La Crosse Telephone company for several years. The bridegroom is field manager of the Red Topp Oil company at Milwaukee.

Bridal Showers
Mrs. FRANK ALLEN and Mrs. Clarence Olson entertained at a post-nuptial shower in honor of Mrs. Arthur Mohrhusen, a bride of last Thursday. The color scheme was of green and white, a kewpie doll in bride's attire marking the place of the bride-elect. Her gift was designated by green and white bow. Bridal-wreath and other garden flowers were used in profusion about the rooms. The hostesses were Mesdames E. Olson, G. Olson, Joe Newburg, G. Allen, Henry Olson, G. Hanson, W. Munson, M. Solberg, S. Larson, G. Stege, Ed Jackson, T. Schanek, A. Pederson, L. Katchel, G. Sanford, A. Roe and the Misses Ruth Venson, Edna Allen, Edna Hansen, Helen Solberg, Jennie Olson, Bessie Bickel, Marie Schanek, and Anna Aland. The honor guest was presented with table linen, Mrs. A. Mohrhusen was formerly Miss Victoria Olson.

Prenuptial Surprises
A GROUP of young women pleasantly surprised Miss Eleanor Kemp, a bride of this month, at her home, 1522 Union street, Monday evening. Games and music enlivened the evening and a dainty lunch was served late in the evening. The bride-elect was presented with a pair of white shoes, a pair of white gloves and a pair of white socks.

Kachel-Roulik
ON THURSDAY afternoon at half past two, Miss Rose Roulik became the bride of Mr. Clarence Kachel at the parsonage of the Holy Trinity church. The bride was attended by her sister, Miss Marie Roulik, and Mr. Frank Kachel, brother of the bridegroom, was the best man.

The bride wore a handsome gown of white satin trimmed with georgette and lace. Her veil was held in place by three bands of pearls. She carried a shower bouquet of bride's roses. The bridegroom wore a peach colored tuxedo and carried a bouquet of Columbia roses.

Following the ceremony a reception was held at the home of the bride's parents, Mr. and Mrs. Kachel, 1010 W. 12th street, to the Twin Cities on their honeymoon.

MISS ROSEMARY VOLZ and Miss Marie Volz, who have completed the three-year course for music superiors at the Milwaukee state normal school, are spending the summer with their parents, Mr. and Mrs. B. H. Volz, 624 South Seventh street.

Bridal Shower
MISS MARIE PHILLIPS was hostess at the tea rooms to twelve guests on Wednesday at a supper party in honor of Miss Elsie Guenther, who is to be a June bride. Pink and white was the color scheme carried out in the flowers on the table. Following the supper the guests repaired to the home of Miss Phillips, 1201 State street, where a delightful evening was enjoyed. The bride-elect was showered with many pretty gifts.

MISS GERTRUDE HOLZHAMMER, 1601 South Eighth street, has returned home after spending a few days at Minneapolis and Hastings, Minn.

SUMMER DRESSMAKING

Solving the dress problem and reducing the high cost of living at the same time is an opportunity few women will be inclined to miss.

It is open to the home dressmaker, and her number is increasing each day by the hundreds, not only among those in moderate circumstances, but also among the well-to-do and even the very prosperous.

For, aside from the economical phase of home dressmaking, sewing is distinctly a feminine occupation and, if undertaken properly, a delightful one.

To begin with, here are a few suggestions calculated to make sewing not only profitable but also pleasurable. First, select a chair with a short back, not arms and then sit erect, not tense—just easily erect. Sitting on the end of the spine constantly is one of the causes of "nerves" and nervousness is to be avoided if dressmaking is to prove successful.

Have all implements at hand and in order—well sharpened scissors, a goodly supply of needles in assorted sizes, dressmakers' pins which come by the box, plenty of thread in as-

sorted numbers and silks as required, tape measure, tape measure, an emery ball, black and white snaps, hooks and eyes, black and white silk, and cotton seam binding. A sewing apron of saten with pockets and tapes for taking care of these necessities is a convenience.

There must be a machine, of course, if any extensive dressmaking is to be done, and restricted space makes the portable model particularly desirable. But, in any case, the point is to keep the machine perfectly clean, well oiled and in good working order for, as every home sewer knows, a machine is as temperamental as a prima donna.

Finally, there is the form or, in dressmakers' parlance, the "Betty", which now comes inexpensively enough in paper mache, or which can be made by pasting strips of gummed paper over a tight-fitting undershirt as it is stretched over the figure.

With this form at hand and all the other equipment as suggested above, the rest consists in having the work carefully planned, the model to be followed clearly visualized and the mind in a state of tranquility.

Mr. Charles Knutson of Livingston, Wis., took place in this city on May 25th, Rev. H. T. Braa, officiating.

That's the coffee I want—GONA!
United States is using four times as much timber annually as it is growing.

FRECKLE-FACE
Sun and Wind Bring Out Ugly Spots. How to Remove Easily

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

Summer Foods for Vacationists Suggested by Cooking Expert

BY BERTHA E. SHAPLEIGH
Of Columbia University
This is most especially for those housewives who live out in the country or suburbs and are beginning to take in summer boarders.

But the information contained here is just as beneficial to the said "summer boarder" and all others who care to keep cool and refreshing during the hot spell.

It is a story of food—food that will not heat up the body any more than it is heated during summer; food that will refresh and invigorate instead, and that will be acceptable even to the most exacting of palates.

The person who lives in the city most of the year, and goes out to the country for a few weeks of rest and quiet, wants, first of all, simple, well-cooked food. The vacationist wants a change from the heavy meat dinners with their rich desserts, just as he seeks peace from the hustle of business life.

For these, therefore, I have dotted down the following summer food suggestions:

No need of a great variety of dishes but plenty of fresh vegetables, milk, cream and eggs. To these may be added good bread, butter and coffee that is really coffee.

Salad Daily
Once a day at least a salad should be served. For luncheon or supper it may be made of the vegetables left from dinner the day before. When cooking beans or peas, it is well to take out a few, also one or two potatoes, before these have had any butter or sauce added, and put them away in a cold place to use for salads.

These vegetables with a little lettuce or watercress make what hotels and restaurants call "combination salad." Dress these salads with a French dressing of oil, vinegar, salt, paprika, mustard and always a little onion.

Corn oil is an excellent oil to use instead of olive oil, which is much more expensive. Be sure to get the corn oil which has not been standing too long a time on the grocer's shelf, and then keep it in a cool place that it may not grow rancid.

It is not at all necessary to serve a cooked dressing. Many persons do not care for mayonnaise. Sometimes cream soups, and a good use for it is in a cooked salad dressing.

Desserts made of milk, as boiled custard, rice cooked in milk, and bread puddings are all enjoyed if the custard has enough egg in it and if the bread in the pudding is not too self-evident!

HARDING ADVOCATES ADOPTION OF CODE FOR FLAG DISPLAY

Calls on Legion to Promulgate Rules; also Asks Citizens to Learn National Song

WASHINGTON—President Harding urged the American Legion's flag conference, opening here Thursday, to adopt a code of rules and regulations for the proper display of the flag and to include a provision that every American citizen should learn to sing the national anthem.

"While you are adopting a code whereby the citizenship of America may show due reverence to the flag," the president said in an address to the conference, "I would like you to go a step further and insist upon Americans being able to sing 'The Star Spangled Banner'."

"I have noted audiences singing—I should say trying to sing—the American national air, but outside of about two percent there are only mumbling or pretending to sing. I would like to have the spirit of America show itself in song. Here you will insist upon some suitable provision to that end in your code."

While advocating the exercise of proper reverence for the flag, the president said it should not be forgotten that American citizens have another obligation "to maintain in America unimpaired the things for which the flag stands."

Scarcely 150 persons attended the opening session of the conference and Mr. Harding in beginning his brief address mentioned that the audience was "rather more limited in numbers than the president is accustomed to address." But he added he was glad to speak because of a "consciousness that it is a group of working men."

The president's address was followed by one by Samuel Gompers, president of the American Federation of Labor, who also advocated a more widespread respect for the stars and stripes.

ANDERSON TO TALK AT HOKAH ON THE FOURTH OF JULY

Congressman Sydney Anderson, of Lenoisboro, candidate for United States senator in the special primaries called for June 18, will be the principal speaker at a Fourth of July celebration to be held in Hokah. Citizens of Hokah are planning to make this a big all-day event. One of the features will be a ball game between Caledonia and Hokah teams. The Hokah brass band will furnish the music.

OBITUARY

MRS. JOSEPH FUGINA
Funeral services were held Thursday at 10 a. m. at the Catholic church at Fountain City for Mrs. Elizabeth Fugina, wife of Joseph Fugina, who with her husband was a pioneer resident of the place. The funeral was under charge of the Rev. Father C. A. Frees.

In point of years of continuous residence Mr. and Mrs. Fugina were the oldest couple in Fountain City, having made their home there ever since February 25, 1861, the date of their marriage. This year the couple celebrated their sixty-second wedding anniversary.

Besides her husband Mrs. Fugina is survived by six sons and one daughter, Alois Fugina of Arcadia, Frank Fugina of Winona, Edward, Martin, Laura and Paul Fugina of Fountain City and George Fugina of Madison Lake, Minn. Four other children died in infancy. Also surviving are a brother, Adolph Holzer of Plainville, and two sisters, Mrs. William H. Hobbs of Eau Claire, and Mrs. Frank Hamons of Plains, Mont.

NEWS NOTES FROM TOMAH

TOMAH—The working force of the C. M. and St. Paul railway bridge yard and shops located in this city is now turning at capacity limit. Two shifts are now employed on the cranes to unload the large amount of material coming into the yard.

SCHOOL YEAR AT TOMAH A SUCCESS; M'KEAN IS LIKED

TOMAH—Three significant facts contribute to the outstanding success of the past year in the Tomah schools. First, a graduating class of eighty-nine students which puts this city of 3500 inhabitants in the 7000 class. Second, there were during the year but thirty-four subject failures out of a possible 1448 by the 354 students attending Tomah high school. Due entirely to the small proportion of subject failures, but four students enrolled in high school have withdrawn the entire nine months of school. The third significant fact on the records for the past year is the small per cent of absence during the period, three and three tenths, making the per cent of attendance 97.3.

The man who put over this, the most successful year in the history of the Tomah schools, is E. J. McKeen who came to this city one year ago from Neillsville.

All but three teachers during the past year are returning next year. In debating Tomah high school made an unusual record winning the district championship, and being defeated in the semi-finals in which all but nine Wisconsin high schools had been eliminated. In athletics Tomah high school defeated every school in her class, losing only to La Crosse. Prospects for the coming year in the Tomah schools are, thanks to Superintendent Principal McKeen, unusually bright.

MAP OUT VIGOROUS CAMPAIGN AGAINST DETROIT RUM BOATS

DETROIT, Mich.—By The Associated Press.—Plans for what is expected to be the most crushing blow ever dealt to the illicit liquor traffic in the Detroit river district were being mapped here Thursday at a series of conferences between E. C. Yellowlee, chief field representative of federal prohibition enforcement agents, James R. Davis, federal prohibition director for Michigan, and Earl J. Davis, United States district attorney for the eastern Michigan district.

Announcement that a vigorous warfare was to be waged against all persons in this vicinity who are engaged in the illicit liquor business was made by Mr. Yellowlee soon after his arrival from New York to take charge of the local situation. Most of the stuff coming across the river now is beer. Detroit is to be the concentrated point of action.

FIND SKELETON AT SHEBOYGAN WITH BULLET IN HEAD

SHEBOYGAN, Wis.—Telephone linemen found a skeleton when engaged in digging a hole near here. The grave was not more than two feet deep and the body had been placed in it in a manner indicating haste.

The skull was almost perfectly intact and early investigation leads to the belief that the body was that of a murder victim. A palpable bullet hole, piercing both sides of the skull, was found. The skull was turned over to Sheriff Goodell and he is investigating.

No one in the vicinity of the finding, a short distance west of the Sheboygan city limits, recalls any death that was unexplained in recent years. The location had never been used as a cemetery. The circumstances all point to a murder mystery.

RESOLUTION FAILS TO MAKE SPECIFIC CHARGES CLAIM

(Continued from page one)
resolution, he declared he had nothing to say.

Cashman Opposes Probe
Senator John Cashman opposed the resolution declaring that "if we start this thing there is no telling where it will end. It will produce trouble and no investigation ever accomplished anything."

The senator said that if there is anything against the state commissions the state has two state laws which might be invoked.

He declared that the senate would defeat the purpose of the farmers of the state, who sent them here if they started this investigation, which he declared would muddle the tax controversy.

There was little said by proponents of the resolution. They explained that if the senate wished to suppress facts which they claim point to the need of an investigation, that the senate had that prerogative. All they asked for was a roll-call.

BLAINE AND DAHL COME TOGETHER ON ON SUBSTITUTE PLAN

(Continued from page one)
doubt concerning the outcome of the whole controversy, with the talk still prevalent that a special session may be needed to get action on taxes.

It has been some weeks since there was any expression from the executive office on revenue matters.

MICHIGAN GETS BIG TEN TRACK AND FIELD TITLE

CHICAGO, Ill.—The University of Michigan's right to the Big Ten conference track and field championship was confirmed late Wednesday night by the graduate managing committee of the conference which denied the University of Illinois protest of the decision of the high hurdles race.

U. S. OFFER CLEVER BIT OF BARGAINING SAYS LONDON PAPER

Declares Ship Liquor Rule Should be Modified Without Any Bargain at all

LONDON—The Washington government's suggestion for a reciprocal arrangement regarding ship liquors is prominently displayed in the day's newspapers, but the only comment is offered by the Daily News, which describes the American administration's proposal as "a very ingenious method of bargaining for a long desired concession."

The newspaper doubts whether other governments would consent to a treaty agreement which would give the United States the right of search within twelve miles of its coast.

"Moreover," it continues, "it is rather difficult to see why it is less immoral to modify the dry ship rule through a palpable bargain of this kind than without any bargain at all. The real objection to the rule is that it is contrary to recognized international practice and that it interferes with the traditional rights of other nations."

The newspaper regrets that the United States has not accepted the British proposal for a general conference upon the issues involved in the supreme court's liquor decision and says it will not be surprised if America soon finds it expedient to change her mind in that connection.

PREFERS KANSAS CELL TO LIBERTY IN CALIFORNIA

TOPEKA, Kan.—Messrs. Lauderback, 81 years old and a resident of Douglas county for many years, prefers a cell in the Kansas penitentiary to freedom and the climate of California. He was sent to the prison after having violated a parole to go to California, where his wealthy brother lives.

Lauderback was sent to prison in 1915 after being convicted on a charge of assault with intent to kill. The state board of administration paroled him last April on the promise he would go to California. He went, but three weeks later he appeared at the penitentiary gates.

"I would rather be in the Kansas penitentiary than be forced to live in California," he told Warden M. F. Auring. "The climate doesn't agree with me."

The warden refused to take him back and warned him against returning to his old home in Douglas county, fearing this might cause trouble. But Lauderback went to Douglas county and it wasn't long until complaints were made that the aged man had violated his parole.

HARDING AT WORK ON ADDRESSES FOR HIS WESTERN TRIP

WASHINGTON—"The busy sign" is out this week at the white house offices for President Harding is at work on the addresses he will make on his western trip starting next Wednesday.

The president hopes to have all the principal addresses he will make between here and the Pacific coast written before he leaves and to that end has limited his daily engagements to writing and those of the most pressing nature. He has eliminated daily "respects" or the time set apart to receive those who merely wish to shake hands with him. Golf, too, has been eliminated although in fact the president has not played much golf in recent weeks and has not devoted a great deal of time to it since he returned from his Florida trip—not as much as his physical well-being demands, according to those who guard his physique.

COMMENCEMENT AT GALE COLLEGE IS IMPRESSIVE EVENT

Impressive commencement exercises marked the graduation of a large class from Gale College at Galeville recently. Rev. C. K. Solberg of Minneapolis delivered the commencement address, and the Girls' Glee Club entertained. One of the features of the week's festivities was the alumni banquet, attended by many of the graduates of the school.

The following named persons received their diplomas: Freda Anderson, Sherman Aasen, Russell Berg, Gilbert Christensen, Lillian Erickson, Carl Christensen, Stanley Edwards, Ralph Daley, Carl Fybo, Hilma Hagen, Edna Hansen, Viola Hanson, Myrtle Hendrickson, Nellie Hoyem, Alverda Johnson, Roy Johnson, Victor Larson, Myrtle Olstad, Johan Ottum, Thoralf Regue, Harold Silverness, Adelaide Teague, Omer Thompson, Tena Anderson, Helen Hermanson, Helen Hoyem, Conrad Isakson, Silas King, La Verna Negard, Hilda Sulland.

POLLYANNA CLUB SPREADING SUNSHINE IN TENNESSEE TOWN

CHATTANOOGA, Tenn.—The festivities of the fifth international convention of optimist clubs opened with the arrival late Wednesday of Jack Martin, international president, and his bride of a few days from San Francisco.

One of the largest delegations to arrive Wednesday afternoon, hailed from Milwaukee. All were dressed in dark suits, white shoes, straw hats of the uniform design, trimmed with a wide ribbon, on which was printed "Milwaukee" in large gold letters, and each carried a bamboo cane, from which was suspended a pennant of the city. Routine business and a luncheon featured Thursday's proceedings.

DONALD JONSON'S PUPILS TO GIVE A RECITAL SATURDAY

Mr. Donald Jonson will present a group of his voice and piano pupils in recital at the Chamber of Commerce on Saturday evening, June 16 at 8:15. Students from his classes in La Crosse, Gatesville and West Salem will appear on the program.

"Please say," Mr. Jonson told the reporter, "that we modestly but heartily invite the La Crosse music lovers to attend our first recital, hoping all will find something of interest and pleasure in our musical efforts."

The program itself is well planned and promising of a real pleasant evening of real music.

WORKER FLEES SMOKE THEN ALMOST DROWNS

MILWAUKEE, Wis.—Neither fire nor water can conquer Joseph Heinz, employed in the parking room of the Cream City Bedding company, Thirty-second and Fond du Lac avenue. This was shown Wednesday afternoon, when, after his clothing had been set on fire and he had been overcome by smoke, he also was rescued from drowning.

A spark from a machine set fire to a pile of excelsior in the room where Heinz was working and caused a dense smoke. The sudden blaze also set fire to his clothing. He fell to the floor, rolling over to extinguish the blaze, and the dense smoke rendered him unconscious.

Just at this time the heat of the blaze put the automatic sprinkler at work and the room was deluged with water. Heinz was found by the engineer of the company lying face down in a puddle of water.

The smallest passenger-carrying balloon in the world has been made by three licensed pilots at McCook Field, Dayton, Ohio. The balloon weighs but 125 pounds and rises or descends by manipulation of a hand propeller.

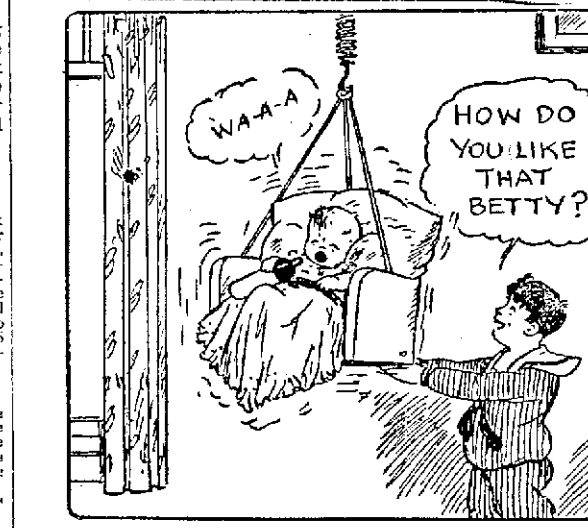

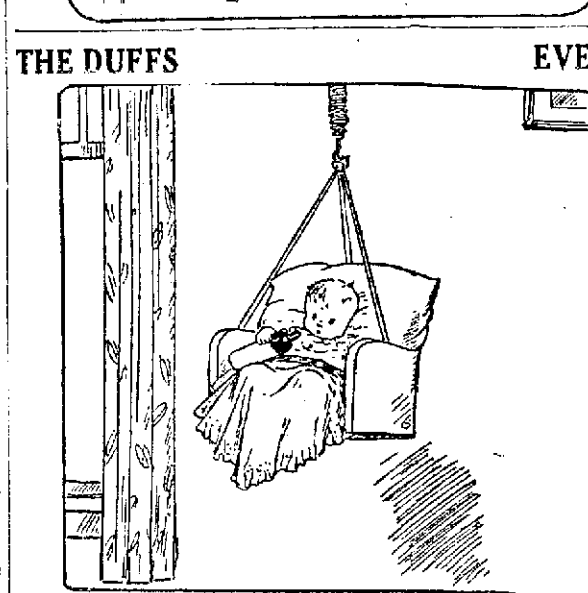

STOCK MARKET CLOSE

The closing was heavy. Weak spots were uncovered in the latest dealings among the low priced rails, also oils, sugars and chemicals. California Petroleum, new stock, fell nearly four points and the American and Missouri Pacific preferred dropped two each. The money market was advanced to 10 per cent in the last hour. Sales approximated 700,000 shares.

BELGIAN CABINET QUILTS AFTER ROW OVER LANGUAGES

BRUSSELS—By The Associated Press.—The Belgian cabinet Thursday decided to resign in consequence of the controversy over legislation providing for the use of the Flemish language in Ghent university.

BEG YOUR PARDON

Tollef Tollefson, who had a little controversy with George Abraham of La Crosse, following a dance at Hokah Tuesday night, is not a resident of Hokah, as announced in yesterday's Tribune. He is a Houston man.

In behalf of the management of the new dancing pavilion at Hokah, it is said that this place is properly policed and no trouble is tolerated in the dance hall. It is a highly respectable place and is being patronized by respectable people.

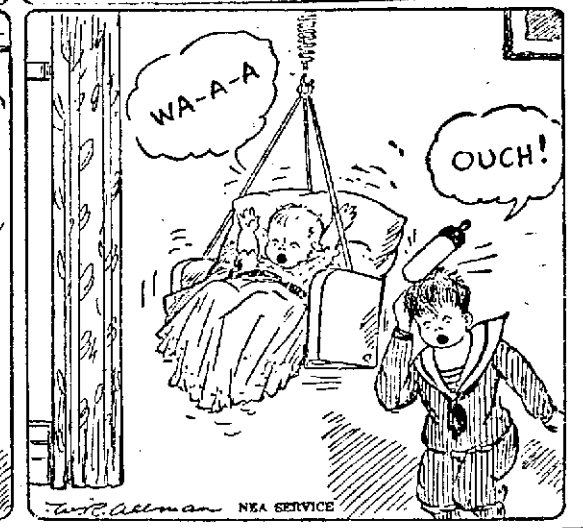

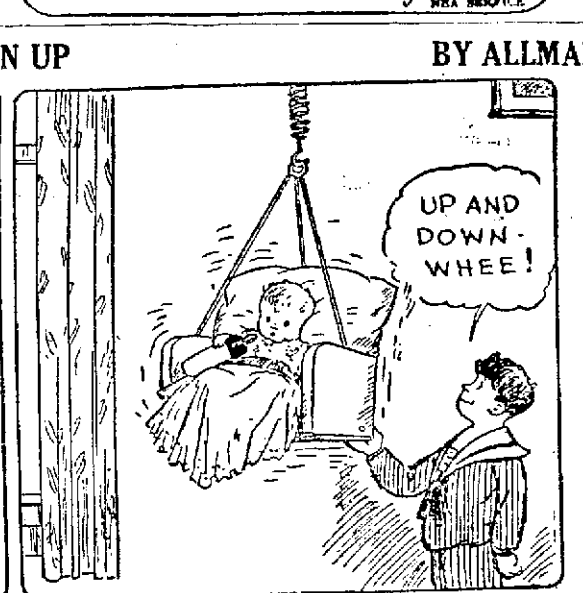

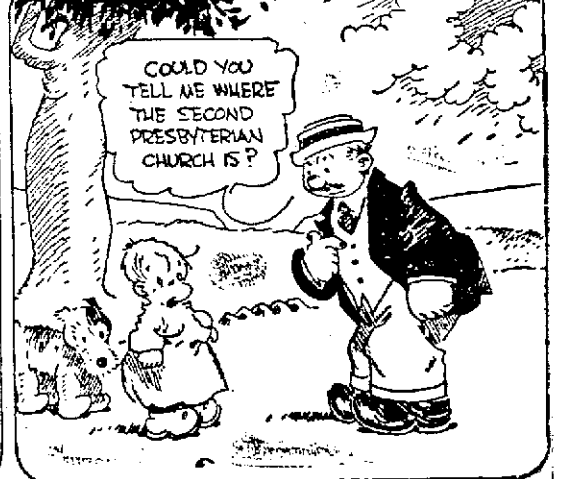

Crows Devour Fruit Crops

The Canadian fruit crop is seriously menaced by the seven million crows still within its borders, although seventy thousand have been killed in British Columbia in the last two years. The crows, according to the Game Conservation board, not only destroy corn and fruit crops, but in feeding upon the eggs of the smaller insect-eating birds, harm the farmer to an extent that cannot be calculated.

To encourage the shooting of these pests, a bounty of twenty cents is paid for each crow. Owls and eagles are paid for at the rate of \$1 each.

Constricting Serpent Not Venomous
The National Zoo at Washington has a sixteen-foot anaconda that weighs 115 pounds. It was a gift from the governor of Para, and was shipped from Brazil twenty-four years ago. The zoo feeds its boas and anacondas on chickens, pigs, ducks and rats. None of the great constricting serpents, by the way, is venomous, though their bites might be very severe.

TAG HAS A LOT TO LEARN

ETTRICK NOTES

ETTRICK, Wis.—Mrs. Lynn Fillner entertained at a shower on the afternoon of June 8th, in honor of her sister, Miss Edna Swenson who on Wednesday, June 6th, became the bride of Mr. Melvin Pischke. Only notices of the contracting parties were present.

A two-course luncheon was served on tables prettily decorated with green and white, the bride's place being marked with a place card in form of a church and cupid, and the happy couple, who intend to make their future home in La Crosse, were presented with beautiful gifts of silverware.

IDEAL WET WASH LAUNDRY COMPANY IS ORGANIZED HERE

Articles of incorporation have been recorded with Register of Deeds Wachs by the Ideal Wet Wash Laundry company of La Crosse. The capital stock of the company is given as \$25,000. The incorporators are Willis E. Barber, Russell V. Stornmont and Newell E. Barber.

VESUVIUS ACTIVE

NAPLES—The eruption of Mount Vesuvius continues intermittently, the volcano gulfed through short periods of rest followed by hours of violent activity.

The same phenomenon is occurring at Stromboli. The high cone of the volcano, especially during the night, seems to be the center of a gigantic fireworks display. Similar activity is also taking place in Mount Etna and the lava contrasts strikingly with the glaciers and snow fields that cover the top of the mountain.

LEIGHTON MOUNT SLAIN VERDICT OF CORONER'S JURY

Indictments are Asked Following Inquest Over Death of Northwestern Student

CHICAGO.—The death of Leighton Mount, Northwestern university student who disappeared following a freshman-sophomore class rush early on the morning of Sept. 21, 1921, and whose bleached skeleton was found buried under some rocks beneath the Lake street pier at Evanston a few weeks ago, Wednesday was spread upon the records of Cook county as a case of murder.

At the end of an hour's deliberations a coroner's jury returned a verdict finding a young Mount came to his death at the hands of a person or persons unknown and recommending that the police find the guilty parties and hold them for action by the grand jury.

Believe Mount Was Slain

The verdict, which puts an end to the theory raised by the university authorities that the student ended his own life, follows:

"We the jury find that Leighton Mount came to his death on or about the 22nd of September, 1921, and that his body was found under the pier at the foot of Lake street on April 20, 1922, at about 4 p. m.

"We are unable to determine how or in what manner he met his death, but we are of the opinion that he came to his death at the hands of some unknown person or persons, and we recommend that the police continue their investigation and, if possible, such person or persons be apprehended and held on a charge of murder to the grand jury until released by due process of law."

Impanel New Jury

Prior to the taking of testimony Coroner Oscar Wolff established a precedent by dismissing the jury as first selected and impaneling a new one. He was advised by Assistant State's Attorney Harry M. McConney he was within his rights in taking this action on the grounds the first jury had been improperly sworn in. The coroner took this step primarily to oust Harrison, a juror who was believed to be prejudiced as a result of his action in offering a \$10,000 reward to any one who would find Mount alive.

PLAYGROUNDS FOR YOUNG AND OLD URGED BY EXPERT

STEVENS POINT, Wis.—A plea for adequate playgrounds for young and old in the cities of Wisconsin was made Wednesday by Eugene T. Lee, Chicago, of the Playground and Recreation Association of America, speaking before the convention of the Wisconsin League of Municipalities in session here.

Mr. Lee declared that present day criminality was the result of youth gone wrong in the quest of excitement, companionship and respectability, implying that the parent and law authorities were ignorant of their social responsibilities towards their boys and girls.

The league has been invited to hold its next convention in Milwaukee and it is urged that visiting delegates will thus be enabled to learn something of the problems of a large city.

CHINESE AFFAIRS IN WORSE SHAPE THAN FOR YEARS

SHANGHAI. By The Associated Press.—Conditions in China were termed "the worst since the boxer outbreak" in a statement Wednesday in which the American Association of China and the American Chamber of Commerce of Shanghai united.

The organizations agreed that "America's lives and liberty are endangered and their prestige and business are being destroyed by lack of strong action." A cable of protest was sent to the secretary of state in Washington.

It was charged that the Chinese were continuing outrages against foreigners; that American vessels had been fired on up the Yangtze river, and the American flag insulted. American embassies were said to be inadequate to protect their nationals. Chinese officials were accused of violating the treaty in refusing to protect foreigners.

Snow walls six and one-half feet thick have been erected in France during the past winter to test the penetration of rifle shots. Rifle balls fired at a distance of 165 feet were stopped at a penetration of five and one-half feet.

BADGER UNIVERSITY GRADUATES CLASS OF OVER THOUSAND

Twelve Hundred to Receive Diplomas at Commencement Exercises on Monday

MADISON, Wis.—The University of Wisconsin graduates a senior class of nearly 1200 next Monday following commencement week exercises starting Friday. These hundreds of new graduates are from practically every state in the union and from many foreign nations.

At this time the university calls upon its graduates to return for their reunions. Several hundred alumni are expected to answer the invitation of President E. A. Birge to come back for the class meetings.

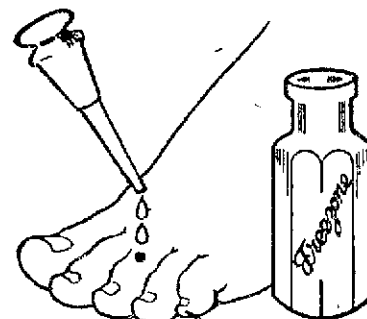

The week's exercises start Friday with class day exercises, to be held on Main Mall. The alumni council and alumni board meet before the exercises. On Friday evening the senior class play is to be given, followed by the Dime of Peace ceremony, a custom of long years standing.

Alumni Day, Saturday, is given over to graduates returning for their reunions. The day commences with a Glee Club concert in the morning. A senior-alumni luncheon is held at noon followed by the Wisconsin-Chicago alumni baseball game in the afternoon. A dancing parade is scheduled to follow the game.

On Saturday evening there will be an alumni dinner, a reception, and a ball for alumni, seniors, faculty and regents. Entertainment is to be given.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Señero CIGARS

EKERN TO APPEAR IN FEDERAL RAIL VALUATION PROBE

MADISON, Wis.—Governor Blaine Thursday directed Attorney General Herman L. Ekers to appear before the interstate commerce commission "to take such part as may be necessary to protect the state's interests in the valuation of railroad property being conducted by that body."

"It is vitally important to the producers, manufacturers, shippers and all of the people of Wisconsin to present to the interstate commerce commission the proper basis for the valuation of the railroads," the governor said in a letter to the attorney general. "There was a national conference on the valuation of American railroads held in Chicago recently and the proper elements for valuation purposes were there considered and agreed upon."

"The basis to be adopted by the interstate commerce commission on the valuation of the railroads will apply to all the railroads in Wisconsin. Therefore it is of vital interest to the people that Wisconsin take a foremost part in presenting to the interstate commerce commission the proper basis or elements to be used for valuation."

"The state itself has a direct interest in the valuation of railroads, the state itself, through its various undertakings is affected vitally by high freight and high passenger rates."

INSURANCE FIRMS TO OPPOSE REVOCATION OF STATE LICENSES

MADISON, Wis.—The Continental Insurance company of New York and Springfield Fire and Marine Insurance company of Massachusetts have started a court fight to prevent Platt Whitman, commissioner of insurance, from revoking their licenses to do business in Wisconsin.

Following a controversy with the companies in the settlement of an insurance claim at Linden, Wis., the commissioner informed the companies that he would revoke their licenses if

they did not reach a settlement satisfactory to the commission. Instead of a settlement the companies applied to Judge E. Ray Stev-

ens of Dane county circuit court for an injunction to restrain the commission from taking away their licenses in Wisconsin.

SITE IS SELECTED FOR NEW BUILDING ON FAIR GROUNDS

Joint Committee Agrees on Location North of the Badger Street Entrance

The committee on buildings and grounds of the common council and of the Inter State fair met at the Fair grounds yesterday and agreed upon the location for the new cattle barn, an appropriation for which was made at the last meeting of the County Board of Supervisors. Those present from the Common Council were C. J. Weigel, J. M. Knox, J. B. Murray, C. H. Collins, H. D. Newburg. The following directors of the Inter-state Fair were also present: V. S. Keppel, H. D. Newburg, A. P. Funk, J. W. Loeke, N. Nustad, C. S. Van Aulen.

Orto Merman, who has been selected as architect to draw the plans and specifications of the building, was also present. It is expected that plans and specifications will be ready the last week in June.

MRS. JOSEPH OTT

well known demonstrator, will be in attendance at J. B. MURRAY, Grocer, 1001 La Crosse St. June 15 and June 16—Friday and Saturday

Mrs. Ott's talk will be intensely interesting as well as instructive.

RADICAL REVISION OF STATE SYSTEM OF SCHOOL CONTROL URGED BY CLARK COUNTY MAN

MADISON, Wis.—A complete revision of the governing board of the higher educational institutions of the state is proposed in the George W. Schmidt substitute to the Dahl bill which was sent to engrossment in the house on Wednesday by a vote of 50 to 36. This bill would abolish all the higher educational boards of the state, including the boards of regents of university and normal schools with the exception of the vocational school board. It is the most revolutionary program from an educational standpoint which has been proposed at this session.

This educational measure has been worked out by George W. Schmidt, farmer and educator from Clark county. Schmidt was a college professor for nearly a quarter of a century, but five years ago moved to Clark county to take up farming. Assemblyman Herman Schellen of Dane county, who is opposed to the bill, declared that it is so revolutionary that it will raise an issue of far greater moment than the tax program which

comes up for consideration on Friday in the house.

Up for Action Saturday

The Schmidt substitute bill, which will be taken up again on Saturday for final action, provides for a state board of education to consist of 11 members. The state superintendent of public instruction shall be ex-officio member of the board, president and chairman of the executive committee.

The governor shall appoint, according to terms of the bill, subject to confirmation of the senate upon basis of fitness for public service, nine members of the board, at least two of whom shall be representative merchants, manufacturers, or other business or professional men or women. At least two shall be representative employers not having the employing

or discharging power and at least two shall be representative farmers. The terms of office of the members of the board appointed by the governor shall be five years, expiring July 1 of each year. The term of one member shall expire in 1924 and the terms of two members shall end in 1925, 1926, 1927 and 1928. The governor shall designate the term of each member appointed in 1923. No more than one member shall be selected from any one county except from Milwaukee county two may be appointed.

Vocational Representative

One person shall also be appointed by the state board of vocational education to be a member of the board. He shall be selected from the appointed membership of the board and shall hold office for a few years. The members of the new state board of education shall be selected three from the appointed membership of the present state board of normal school regents, three from the appointed membership from the state board of education and three from the appointed membership of the present board of university regents.

The offices of the proposed board would be in the state capitol. The members will receive an honorarium of \$8 a day for not to exceed sixty days in any one year. They shall also be allowed traveling expenses. All powers and duties now performed by the present higher educational boards are conferred upon the new state board of education which would be created under this new bill. There will be a determined fight made on Saturday to kill the measure.

SUGAR PRICES FALL

NEW YORK.—Disappointed over the demand for refined sugar, traders in the market for raw sugar futures became demoralized Wednesday and sold heavily, breaking prices 60 to 67 points from the previous day's close. Rallies of 25 to 30 points followed, but the undertone after midday was still nervous and unsettled.

NEW ADDITION MAKES HOTEL LA CROSSE ONE OF BEST

HOTEL NOW RANKS WITH THE FAMOUS HOSTELRIES OF METROPOLITAN CENTERS

FURNISHINGS AND EQUIPMENT LATEST WORD FOR HOTELS

Accommodations and Appointments Not Bettered Anywhere; Embodies Modern Features

BUILT of reinforced concrete and steel, with brick finish, the new addition of the Hotel La Crosse stands out as one of the finest bits of architecture in the city. The floors of the addition are of reinforced concrete, with Gypsum tile partitions between the rooms. The ceilings are also made of the Gypsum tile. All things taken into consideration, the Hotel La Crosse is now a striking example of the modern metropolitan hotel.

The Hotel La Crosse is fire proof and modern in every respect. It has every possible appointment for service and convenience and embodies every essential that goes to make up the big metropolitan hotel of today. It is a complete unit in itself and to detail either of construction or of appointments, was overlooked in the building and remodeling.

Fine Building

With its new addition and the remodeling of the old part, the Hotel La Crosse is an imposing building from the street, but it is even more impressive on the inside. The lobby is wide and spacious, and at the same time has an air that is distinctly home-like. From the lobby of the hotel to the last room on the top most story, decorative effect, fixtures and furnishings all seem to have been chosen with the express idea of pleasing the patrons among the general public.

The building contains a basement, a ground floor and 8 upper stories; a passenger elevator in a fireproof shaft; a continuous fireproof stair way from the basement to the roof; in the new addition, in the basement are the kitchen, storeroom, boiler room, coal storage room, trunk and storage rooms and general and hotel offices. On the first floor is the lobby, reading room, general office and restaurant of the manager, the bar, car and machine stand, check room and sample rooms. On the upper floors are the 105 guest rooms.

with linen rooms and public baths and toilets on each floor.

Reinforced Construction

From foundation to roof of the new addition the hotel is of fire-proof reinforced concrete construction. The floors are polished cement and are covered with thick, soft carpets in all of the corridors and guest rooms.

The rooms are furnished with attractive furniture of the most approved type for hotel use. The furniture is new and fits harmoniously into the background of the hotel. One of the little attractive features is the baggage rack in every room. Another is the latest type of coat and hat rack, with coat hangers built into the place.

Dining Accomodations

The Coffee Shop at the Hotel La Crosse has long been noted as one of the best public eating places in the city. The quality of the food served and the service are well above par and the place has a home-like atmosphere that is greatly appreciated by the traveling public. In addition to the coffee shop, the hotel maintains a private dining room where small parties may be served.

Any sort of room may be had in the Hotel La Crosse that one may wish for. The upper floors are so arranged that two and three room suites may be obtained. Each room is equipped with a telephone and running water and rooms with tub, or shower bath, or with toilet without the bath, are available.

Mechanical Equipment

The mechanical equipment of the hotel is of the latest and most approved type. An entirely new heating system has been installed by the Williams Bros. Boiler company of Minneapolis, through Crane and Company. Each room is heated by a steam radiator equipped with Trane valves, so that the air is regulated from the basement.

The elevator inspector of the Wisconsin Industrial commission, in the city to inspect the newly installed passenger elevator of the hotel declared that it is the safest and most modern in the city. Operating in an absolutely fire proof shaft, the elevator is equipped with automatic devices which prevent the starting of the machine until the doors are entirely closed. Other devices prevent the elevator from crashing into the bottom of the shaft or going through the roof. Another device automatically stops the elevator at any place when any thing goes wrong with the mechanism. The elevator was installed by the Rosenberg elevator company of Milwaukee.

In the new building there is a fire proof stairway running in a shaft from the basement to the roof. It is of the type ordered by the state, and permits of ready escape in case of fire in the rooms or of emergencies.

Nothing has been spared to insure convenience and safety for guests. The building is complete with alarm systems on each floor and easy exits.

Guest Rooms

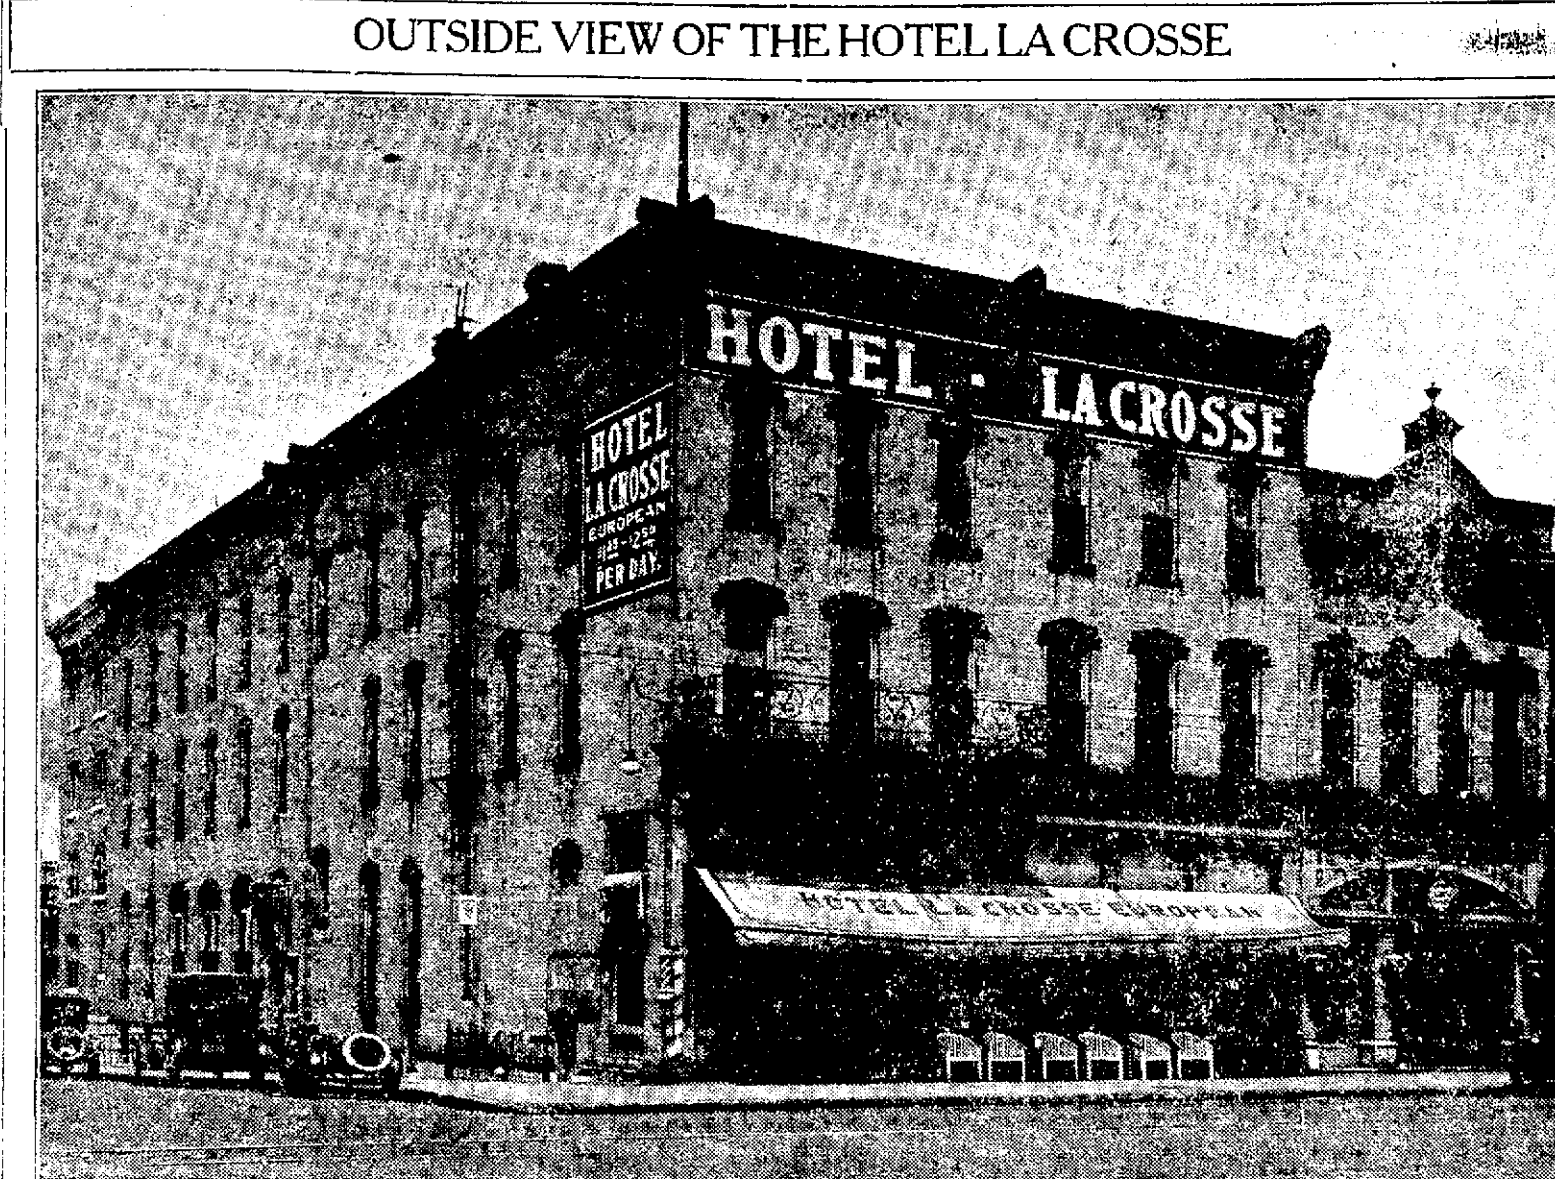

The guest rooms include sample rooms with all of the regular bed room accommodations. These rooms are equipped with Murphy In-a-Dor beds, which provide the salesman with a place to sleep at night and which may be put out of the way during the day to allow more space for the display of samples. By this arrangement the salesman is able to arrange his display in the privacy of his own room, with telephone and other conveniences close at hand, and he is at the same time able to reduce his expense because it is unnecessary for him to engage a room for himself and a sample room elsewhere in the building. In addition to the rooms which serve this dual purpose, there are sample rooms in another part of the building.

The foregoing description of the new Hotel La Crosse shows that there has been erected in the city an example of hotel construction, design and equipment as modern and efficient as any in the large cities. The La Crosse compares favorably with any known large hotel in appointments as well as in service, and is a tribute to the patronage which it has enjoyed during the regime of Charles A. and Eugene Hunt.

CREAMERY UNIT FORMED

BIRCHWOOD, Wis.—Barron county creamery owners, dairymen and farmers have organized a county unit of the Wisconsin Co-operative Creamery association. The organization will engage a field agent, whose duties will be to inspect creameries in the county. Officers of the organization are: W. J. Barber, Sheik, president; B. F. Bucholz, Barronett, vice-president, and W. A. Gierhart, Comstock, secretary-treasurer.

ONE ARMED DRIVER IN CRASH
MENOMINEE, Mich.—Allen Corey of Stephenson, Mich., suffered a broken leg when struck by a Ford touring car driven by Joseph Kanyuk of Birch Creek. The driver of the car has but one arm.

Picture taken from an angle at corner of Third and State streets, showing main entrance on Third street and a portion of the new addition at the rear of the building on State street.

SOCIETY ON FOX HUNT FINDS WRONG SCENT

WHITE SULPHUR SPRINGS, W. Va.—Fashionable fox hunters unexpectedly flushed a skunk on Sunday and several of the riders were forced to return to the Greenbrier by way of the freight elevators and swimming pool.

More than a dozen gathered early for what was to have been one of the first runs of the season. The Whip

racing in the lead, came down on a skunk which the baying of the hounds had put in a fighting mood.

FOREIGN WAR VETERANS TO MOVE MAIN OFFICE

KANSAS CITY — National headquarters of the veterans of Foreign Wars will be moved from New York to Kansas City as soon as temporary quarters can be provided here. This action is in accordance with a decision reached at the last convention held at

Seattle, Wash., when it was decided to move headquarters to a more central point in the United States, and Kansas City, Kas., was chosen as the most desirable location.

FARMERS FIRM PAYS DIVIDEND
ST. JAMES, Minn.—Stockholders of the St. James Farmers Grain company will receive a ten percent dividend at the annual meeting June 16. This is the first dividend to be paid since 1917.

FRIEND WILLS \$25,000
TO ATTORNEY GENERAL
WASHINGTON COURTHOUSE, O.—Twenty-five thousand dollars was left to Attorney General Harry Daugherty by the late Jesse W. Smith, close friend of the attorney general, who committed suicide in Washington, according to his will, filed for probate here. Daugherty also shares in several small pieces of Ohio property left by Smith.

"Where the Guest Is Always Right"

105 Rooms *La Crosse's Most Famous Hostelry* **40 With Bath**

The Most Modern Strictly Fireproof Hotel Building in La Crosse

Dining Room Service of Renown

For years our Dining Room has been famous for its wonderful meals. You'll find a choice selection of deliciously prepared and properly served food awaiting you.

Families and Private Parties
can arrange for the use of our small private dining room.

SAMPLE ROOMS

With or without bath. All rooms equipped with Murphy In-a-Dor Beds. Special attention has been given to lighting, there being large windows for daylight display and an ample supply of wall brackets in addition to ceiling lights for artificial lighting. Display tables are made to fit rooms and any desired amount of space may be arranged for. The carpets are dark in color while the walls are of a neutral shade. This color scheme aids in effectively displaying any kind of merchandise.

In the Annex

Will be found rooms with or without bath, showers, etc. The rooms are so arranged that they can be used singly or "en suite" for families—especially automobile tourists.

STOP at the LA CROSSE HOTEL When In LA CROSSE

LA CROSSE GUARDS GATEWAY INTO TWO OF GREAT STATES

City Enjoys Strategic Location on Mississippi River, Highways and Railroads

HOTEL LA CROSSE FILLS A PUBLIC NEED IN THE CITY

Hotel is Co-operating With Organizations to Aid City

LA CROSSE is the gateway of two states. The city has a strategic location on the only highway giving access to the southern sections of Wisconsin and Minnesota, and it is large enough to afford sufficient attraction to tourists and voyagers to stop off for a while on the trips to the east and west. For that reason, the city is able to afford a hotel of the size and accommodation of the new Hotel La Crosse.

The value of the city's location is further augmented by the railroads. The Chicago, Milwaukee and St. Paul; The Chicago, Burlington and Quincy; and the Chicago and North-western, which convey hundreds of people in and out of the city daily. In addition, there is the Mississippi river, which with the restoration of packet service, will soon become, once more, a powerful factor in the economic and industrial life of La Crosse.

The Hotel La Crosse will therefore fill a great public need. It has enjoyed a liberal patronage since its opening date, and with added rooms and improved facilities for the comfortable housing of guests, it is only reasonable to assume that its patronage will be greatly increased. The hotel bids fair to become the headquarters of thousands of travelers, pleasure-seekers and business men and women, in the months and years to come.

The Automobile Club of Western Wisconsin, affiliated with the Wisconsin Motorists' Association, the La Crosse Chamber of Commerce, and other organizations are extending welcoming hands to tourists and business men. These agencies are all providing valuable information to the city's visitors, and extend a hospitable welcome to all who come here.

Co-operation. The Hotel La Crosse is co-operating with all of these organizations in making La Crosse a city which will be remembered favorably by all who visit. Its owners declare that it is a monument to co-operation and enterprise.

HOTEL LA CROSSE EXECUTIVES

Charles A. Hunt, president of the Hunt Hotels Company, and Eugene D. Hunt, secretary-treasurer of the Hunt Hotels Company, and manager of the Hotel La Crosse.

HUNTS HAVE OWNED LA CROSSE HOTEL FOR TWELVE YEARS

Charles A. Hunt and his son Eugene D. have been owners and managers of the Hotel La Crosse since March, 1911. Though they had no previous hotel experience, the Hotel La Crosse has been expanding and reaching out to more people every year since they took it over. When they bought the place there were but 56 guest rooms, but they have added to it from time to time until now, with the new 30 room addition, the number totals 105.

The Hunts bought the hotel from a man named Knapp, who was in the business only a short time. Joe and Simpson, whom many La Crosse people remember as proprietors of the hotel, was in for several years. The hotel originally belonged to George Zeisler.

DANCE HALL LAW FACES TEST

FERGUS FALLS, Minn.—The law passed by the recent session of the legislature providing for the licensing of dance halls in Minnesota will be tested in the district court here. The town board of the township of Western, near this city, has refused to grant a license to Eloy Swenson, who has been conducting barn dances. Swenson applied to the court here for a writ of mandamus to compel the board to grant the license.

SERVICE ONE OF WATCHWORDS AT HOTEL LA CROSSE

Employees Show Every Respect and Care for Patrons Who Visit the Hostel

Service is one of the watchwords of the Hotel La Crosse. The slogan and the ever present motto which is carried out in spirit by the management and employees of the hotel is "The House of Courtesy"—built for your convenience and enjoyment. With these words constantly before them, the staff of the hotel, from Manager E. D. Hunt down to the bell boys, are putting forth their best efforts to please the guests.

Any information as to highways, railroads, theaters, places of interest or particular beauty in the vicinity of La Crosse is freely dispensed at the hotel. Everyone connected in any way with the staff is a veritable encyclopedia of information in himself, and he courteously and graciously passes his knowledge on to strangers. John Moro, the chief clerk, and assistant to E. D. Hunt is the presiding genius behind the desk most of the day, and upon his shoulders rests a great deal of the responsibility of operation. Mr. Moro is a well known figure, and is immensely popular with the regular patrons of the house.

Mrs. W. E. Willsey is the "housewife" at the Hotel La Crosse. It is she who sees to it that the linen is always clean and spotless in the rooms and that the rooms are always neat and fresh. She is also charged with the task of seeing to it that the young women under her care are always courteous and careful.

Miss Margaret Brooks is the person who keeps the dining room as well arranged and clean as the dining room of the most exclusive home. She directs the service and sees to it that it is always prompt and efficient. The careless waitress finds no place in the dining room which she has in charge. These are only a few of the large staff charged with making the Hotel La Crosse a real homey place, the sort of a place that guests want to return to, and the kind that they recommend to their friends.

BULL CRUSHES FARMER

OLIVIA, Minn.—Ole Kelley, aged 68, a farmer near here, probably was fatally injured when he was attacked and gored by an angry bull. Kelley was seriously crushed about the head, body and legs, and may not recover from the injuries.

TRAVELING MEN LIKE ADDITION TO THE HOTEL

Traveling men who have visited the Hotel La Crosse since the opening of the new addition have been enthusiastic in their praise of the accommodations and convenience which it affords. Especially do they admire the new system of sample rooms, which give a salesman an opportunity to arrange his display in the privacy of his own room, at the same time effecting a sizeable saving.

CUSTOM RECEIPTS FOR THIS YEAR TO BE \$550,000,000

NEW YORK—The United States treasury will collect approximately \$550,000,000 in custom receipts this year, Frederick U. H. Kracke, federal appraiser, declared before the Civilian club. This will be the largest sum ever taken in.

All our ports of entry are flooded with foreign goods, he said. This indicates that the prosperity of the United States is not only nation wide, but is being shaped by the whole world.

PREDICTS RETURN OF THE FIVE-CENT BAG OF PEANUTS

Fans Will Get More for Their Money When Record Crop is Harvested

CHICAGO — The bleacherite and circus fan will get a bigger bag of peanuts for his money when this

year's record crop is harvested. Guy H. Hall, director of the National Institute of Progressive Farming, said in a statement in which he predicted also a return to the five-cent bag in a short time.

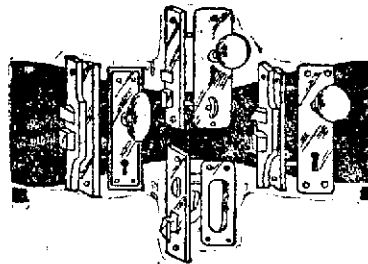

"The old familiar call of 'hot peanuts, five a bag,' will return within a short time," he said.

More than 936,000 acres were planted in peanuts last year, according to the department of agriculture figures, while this year's acreage is forecast by the Institute's survey to exceed the million mark. The total yield last year was 623,507,000 pounds, valued at about \$29,222,000.

Increased peanut production recently has resulted from the greater use of machinery. Mr. Hall said, pointing out that machine methods of digging also put the crop to market more quickly.

The "goodness", as they are known, are grown extensively in sections where the soil is either sandy or of sandy loam, or where the climate or soil weevil seriously handicaps cotton production. For high quality of nuts the soil should be limy and loose to allow for free penetration of the bloom pegs, the nuts forming underground in the manner of the potato, the Institute points out.

HARDWARE

is one of the things which make or break the appearance of a home. And the difference in cost between first class and cheap hardware is so little—compared with the total cost of a house—that it isn't worth considering.

OTHER REQUISITES

We have a complete line of door and sash hardware, cabinet hardware, bathroom fixtures, and other building necessities. And our long experience in construction work will prove helpful to the man who is building or repairing. It is a pleasure to place this experience at your command.

All hardware used in the original building as well as the addition to the La Crosse Hotel was Reading Hardware, furnished by us.

You're always welcome to talk your building problems over with us—whether you're ready to buy or not.

THE TRANE COMPANY

C. H. COLLINS SAYS HOTEL LA CROSSE IS AMONG FINEST

Past Grand Councillor of U. C. T.
Praises Accommodations and
Rates at Local Hostelry

"La Crosse can now boast of a hotel that would be a credit to a city many times its size," said Charles H. Collins, past grand councillor of the United Commercial Travelers in speaking of the recent addition of the Hotel La Crosse.

Mr. Collins is an active member of his organization and is widely known throughout the state. He has enthusiastically recommended the Hotel La Crosse to all of his friends and fellow association members.

Continuing Mr. Collins said: "Too much cannot be said in favor of the Hotel La Crosse. For the accommodations and conveniences and the service rendered it is the best I have ever seen, and the most reasonable. Patrons enjoy equipment and privileges seldom seen outside of a metropolis, and at absolutely rock bottom prices."

"The hotel, with its new addition, is up-to-date in every appointment and efficient to the smallest detail. It will mean more than a hotel to the commercial traveler who makes this territory and who are often forced to spend the week ends away from their homes. It will be a home where all of the luxuries of the big city hotel will be available but with none of the coldness and commercialized atmosphere of the big city."

"It is a pleasure for me to express my appreciation of the Hotel La Crosse. It is the duty of every commercial traveler who appreciates a good home and a good hotel to give his thoughts, and to pass the word along the line."

"Whatever I might say about the Hotel La Crosse would be inadequate. I think that it is one of the finest for the commercial traveler that can be found, and I certainly intend to tell all my friends about it."

STREW ASHES OF BELOIT

WOMAN OVER RIVER
BELOIT, Wis.—Complimenting with a dying wish of Mrs. Gust Strindberg, 42, her ashes will be strewn over the waters of Rock river, near the Strindberg home, in ceremonies next Sunday. Mrs. Strindberg, who died Sunday, was the wife of Dr. Strindberg, former commander of Myron West American Legion post in Beloit, and widely known in legion circles.

One hundred twenty-five thousand wounded ex-service men of France will get government jobs as a result of a bill just passed by the French senate reserving certain positions for war wounded.

STAFF OF 41 IS REQUIRED TO RUN HOTEL LA CROSSE

The Hotel La Crosse is a benefit to the city in more ways than one, says the management. A staff of 41 people is required at all times to operate the hotel efficiently, which is equal in number to a force of a small factory. An effort is made to keep La Crosse people in the positions at the hotel at all times.

Charles A. Hunt is the president of the Hunt Hotels Company, with Eugene D. Hunt secretary, treasurer and manager of the Hotel La Crosse. John Mero is senior clerk, presiding at the desk during the day, with William Atchison on duty at night. Mrs. W. E. Willsey is housekeeper and Mrs. M. Sherer reigns supreme in the kitchen. She is responsible for the well cooked, home-like meals that cause so many La Crosse families to desert their own tables on Sunday noons. Margaret Brooks manages the dining room. Celia Kopp is in charge of the cigar stand and the news and periodical counter, and James Lynch looks after the baggage. Harvey Sand is the porter.

In addition to these are bell boys, maids, waitresses, and others who go to make up the staff.

SWEDEN TO SPEND TWELVE MILLION FOR A RAILROAD

Project Will be First Coast to
Coast Electric Railway
in the World

STOCKHOLM.—By The Associated Press.—The first coast to coast railroad electrification in the world, extending from Stockholm, on the Baltic sea, to Gothenburg, on the North sea, is heralded in the official request just made to the Swedish government by the state railway administration that it be empowered to begin immediately the expenditure of the 22,000,000 crowns which have already been appropriated toward this project.

This is an important step in the great movement which has already resulted in the electrification of hundreds of leading industrial establishments, and at least 50 per cent of all the farming area in Sweden.

The trunk line from Stockholm to Gothenburg, which carries heavy traffic both of freight and passengers, is nearly 300 miles in length. The work of electrification can be carried through within two years, says the railway administration, and if it is begun immediately the total cost will be about 47,000,000 crowns, or about \$12,800,000.

Electricity makers can supply glasses to correct any one of 134,784 defects in vision.

PORK PROVES MOST POPULAR OF MEATS ON U. S. TABLES

Per Capita Consumption for
Five Years Placed at 67
Pounds; Beef 60 Pounds

WASHINGTON, D. C.—Pork and lard are two of the largest items in the food supply of the American people. The average annual per capita consumption for the last five years was 67.3 pounds of pork and 60.9 pounds of lard, as compared with 60.9 pounds of beef. In several recent years the consumption of pork alone has exceeded that of all other meats combined.

A study of the hog production industry included in the 1922 yearbook of the department of agriculture shows that among the farm animals hogs are exceeded in numbers only by cattle, and in value only by cattle and horses. They are produced on three-fourths of the farms of the country and represent over ten per cent of the value of the nation's agricultural production.

Nearly two-thirds of the commercial production of pork is in the corn belt. The amount of corn marketed in the form of hogs varies annually from 30 to 40 per cent of the entire crop. Pork exports represent about 20 per cent of the country's agricultural exports, and have held a higher place in foreign trade ever since colonial days. In 1790, the first year for which data are available, there was exported approximately 6,000,000 pounds of pork and pork products.

Only 3.5 per cent of the hogs on American farms are registered pure bred, and about three-fourths of the total are raised for market.

Cholera is still the most important disease among hogs and takes the highest toll. In 1922 more than 2,700,000 hogs died of the disease, causing a financial loss of approximately \$28,000,000.

FAMILY SKELETON

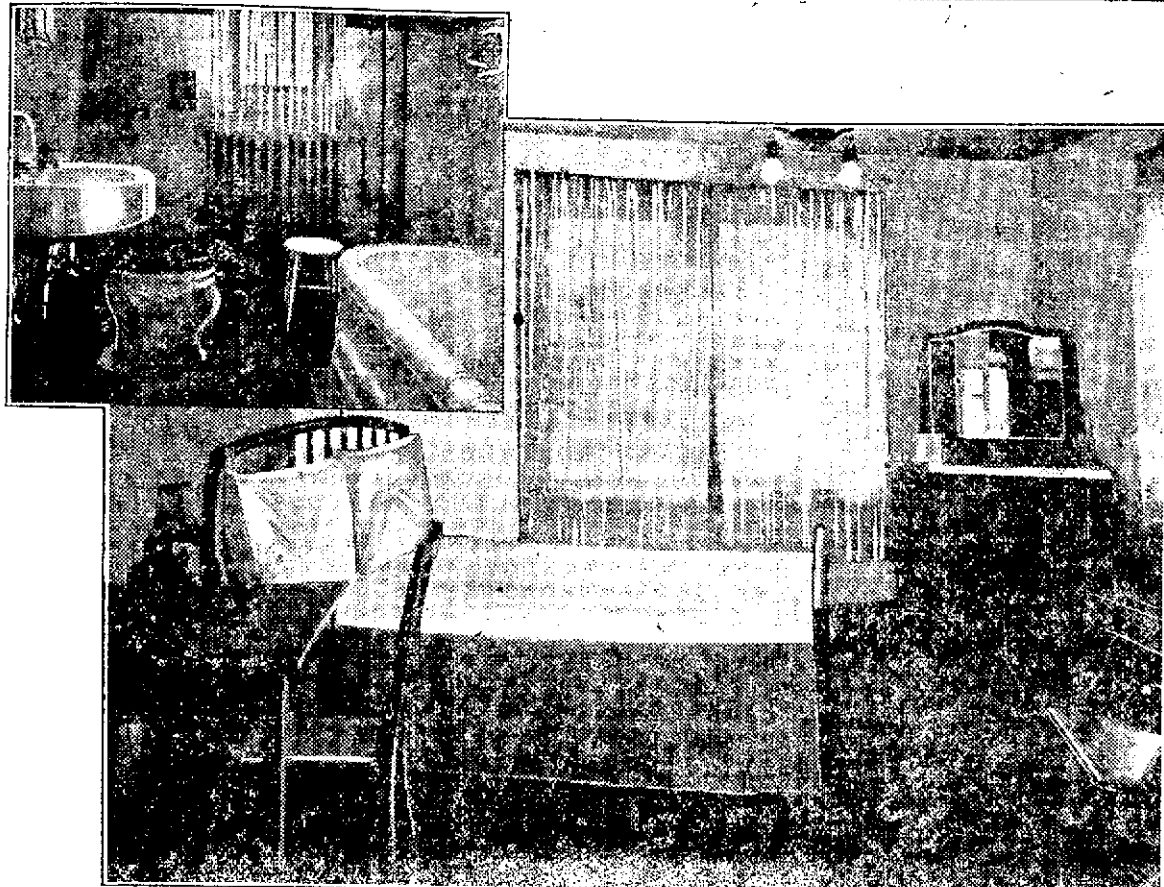

RATTLES ON ALL FOUR
ST. PAUL, Minn.—The senatorial campaign has given away a secret. Ever since Gov. J. A. O. Preus entered politics, some thirteen years ago, people have wanted to know what the initials stand for.

Reading from left to right, the governor's name is Jacob A. Ottelson Preus.

GOT ANY \$50 BILLS?

SCAN GRANT'S BEARD
APPLETON, Wis.—A glaring white spot on Gen. U. S. Grant's eyebrow and a patch of white on his beard on a \$50 bill aroused suspicion here. Closer inspection proved that the bills were counterfeit. All notes found to be counterfeit so far are numbered G1431559A. Bankers have warned possessors of these notes to examine them carefully.

ONE OF THE GUEST ROOMS

This picture shows one of the guest rooms in the new addition with its furnishings and decoration. Insert in corner is of the sanitary, up-to-the-minute bath room of the room.

ELEVATOR IN THE HOTEL LA CROSSE OF LATEST TYPE

The passenger elevator at the La Crosse Hotel is of the modern traction type, installed by the F. Rosenberg Elevator Co., of Milwaukee in a strictly fireproof shafting.

All entrances to this shafting are equipped and protected by means of standard door, inter locks, which provide for absolute safety in the operation of the elevator. Before the elevator can be started away from any floor the doors must be closed and locked.

The elevator is further provided with top and bottom terminal limit stops which stop the car regardless of the control by the operator.

The limit stops are further connected in such a manner as to prevent damage or accident due to phase reversal or phase failure in the power lines.

The elevator car is equipped with

an approved safety catching device which catches in case the cables are broken or the car attains an excessive downward speed.

The whole was inspected and tested and approved by the Industrial Commission.

A running test with a full load of 1800 pounds on the car was made under the supervision of L. G. Koster, Elevator Engineer of the Industrial Commission. This test is made in accordance with the requirements of the State Elevator Code and the test on this particular installation proved very satisfactory.

The inter locks used on the elevator are perhaps the only ones in use in La Crosse at the present time.

The Rosenbergs, who made this installation, is at present installing elevators at the Linker Hotel, Dearfinger Dept. Store and the Funk Residence, all in La Crosse.

In order to hide scars caused by shell wounds, hair-bearing skin from his neck has been "transplanted" by surgeons to the upper lip of a Cardiff, Wales, ex-soldier.

HOTELS ENOUGH IN CITY NOW TO HOUSE CONVENTION CROWDS

With the completion of the new addition to the Hotel La Crosse, Third and State streets, the city of La Crosse should now become a mecca for conventions. There are now sufficient hotel accommodations in the city for upwards of a thousand guests, says E. D. Hunt, manager of the La Crosse, and he is certain that the city should now go out after conventions. The old excuse offered by organizations that the convention delegates could never find room in La Crosse is no longer any good, he says.

ST. PAUL WATER WAGON SEATS AT PREMIUM

ST. PAUL, Minn.—Seven twelve-foot alligators are missing from the American Legion carnival shows. Legionnaires at once issued a warning to moonshine drinkers—if you see 'em they're real.

ALIMONY CIVIL DEBT, HE AVERS, REFUSING TO PAY

Maintains Bankruptcy Proceedings Should Wipe Out
Back Alimony

SAN FRANCISCO, Cal.—Is alimony a moral or civil debt? The legal profession, members of the Alimony club and hundreds of divorcees are waiting eagerly for the answer.

It will come soon from Judge Thomas F. Graham.

Robert S. Andrews, cited for contempt of court for failure to pay alimony amounting to \$480 to his divorced wife, Mrs. Henrietta M. Andrews, contends it's merely a civil debt.

Should his contention be sustained by Judge Graham it would mean: That wives no longer could collect alimony under threat of jailing their husbands.

That back alimony could be wiped out by bankruptcy proceedings, leaving the husband free of any obligation to meet his regular payments.

That husbands could delay alimony payments, forcing their wives to sue for judgment as an outside creditor. The case pivots on the question of whether the state constitutional prohibition against imprisonment for debt includes protection to husbands delinquent in alimony payments.

As all state constitutions have similar provisions under federal guarantee, the case has a national aspect. It may bring joy to reluctant husbands and grief to dependent "divorce widows."

Andrews maintains his inability to pay and stands upon his constitutional right to immunity from imprisonment.

Judge Graham, who has effected many happy reunions, has advanced the date of hearing, so attorneys for both sides may study the case carefully.

JAP HOTELS PACKED WHEN CHERRIES BLOOM

TOKIO.—The cherry blossoms that bloom in Japan in the spring are very pretty, provided you don't have to sleep in the park.

Tokio hotels have been turning 'em away this season. Literally hundreds of foreign visitors, after traveling half way around the world to be in Japan at cherry blossom time, found themselves unable to get a hotel room for love or money. They had to sleep on their ship or hike to a "hick hotel," in some interior village.

If you're coming to Japan leave nothing to chance. Wire for hotel reservations and be sure you get a reply.

The Big Vein is one of the deepest coal mines in the world. It is 1200 yards from surface to lowest level. It is near the town of Elouges, in Belgium.

Clark & Bracken ELECTRIC SHOP

"Buy Electrical Goods at Electric Shops"

LA CROSSE FIRMS BUILD AND EQUIP HOTEL LA CROSSE

Most of Material and Furnishings for New Addition Bought Through La Crosse Houses

Eugene D. Hunt, manager of the Hotel La Crosse, takes great pride in the fact that most of the work done on the new addition of the Hotel La Crosse was done by local firms. Very little was given to outsiders. "It just goes to show," said Mr. Hunt, "that people can get things done in La Crosse if they want to."

The following firms took part in the construction or furnishing of the new addition to the hotel: general contractor, Peter Nelson and Son; boiler and radiators, Crane Co.; Winona, Minn.; interior finish, Segelke and Kohlhaus; painting and decorating, Charles Braun; plumbing, Marquardt and Manning; electrical fixtures, Clark and Bracken; beds, mattresses, and pillows, Advance Bedding company; rugs, carpets and furniture, Tillman Brothers; Hardware, Adam Kroner Co.; towels, linens and bedding, Walter H. Meyer Co., Chicago; Blankets, Kenwood Mills, Albany, N. Y.; Electric lamps, Minneapolis Electric Lamp Co., Minneapolis, Minn.; Murphy In-a-Dor Bed, Murphy In-a-Dor Bed Co., Chicago.

The grip stands in each of the rooms were made by the boys from the vocational school. Eighth and State streets.

HOTEL LA CROSSE LOCATED NEAR TO TRAVEL CHANNELS

The Hotel La Crosse enjoys an ideal location for a hotel site. Situated at the corner of Third and State streets it is but one block from the intersection of the three state trunk highways which pass through the city. On this corner, Fourth and State, is situated the new "House by the side of the road," the official information booth of the Wisconsin Motorists' Association.

The Hotel La Crosse is one block from the Northwestern depot and one block from the Milwaukee depot. It is but one block from the proposed site of the new Union depot, which is to be built eventually at the corner of Second and State. The hotel is three blocks distant from the Burlington depot and three blocks from the Mississippi river.

CHANNEL LIGHT IS KEPT BURNING BY DEVOTED GUARDS

Bishop's Light Stands Guard Over Graveyard of Ships and Warns of Danger

LONDON — Bishop's Light, rising from a foundation of jagged rock near the Scilly Islands, welcomes eastbound liners to the English channel, and at the same time gives grim warning of the nearby labyrinth of dangers. It stands guard over waters where rest the skeletons of more shipwrecks than in any other marine graveyard of the world.

The light is 160 feet above the sea level, yet the waves that break forever at the base of the rock constantly dash over its topmost masonry. So trying is the service at Bishop's Light that the three tenders are given frequent vacations ashore. Two months of duty with one month ashore is the rule.

During a recent spring storm the beams from Bishop's Rock came near to falling. The light weighs several tons, and revolves on supports resting in a circular trough of mercury, balanced so delicately a child may turn it by a touch of the finger. On this night the tower was so shaken by the heavy seas that much of the mercury was spilled out over the concrete floor of the light chamber. The three guards fell on their knees, scooped up the mercury in their hands and poured it back into the trough. Pursuing active puddles of quicksilver around a rough cement floor was not easy nor rapid work, and they finished finally with torn and bleeding hands.

If the tower of Bishop's Light ever crumbles the keepers there will not have the faintest chance for their lives. There is not even a foothold on the rough, slimy rock below them.

ELKS STAGE MOTOR TOUR
OWATONNA, Minn. — About 200 Elks, accompanied by the Elks' band, made a motor tour to eleven cities and villages to the north and east of the city as another movement in its program to spread interest in the Fourth of July celebration. The towns of Hedge Center, Kasson, Mantorville, West Concord, Kenyon, Narstrand, Dennison, Northfield, Dundas, Faribault and Medford were visited.

Seventy-five years ago the foreign commerce of New York and of New Orleans was practically the same.

ST. CLOUD POLICE FINED
ST. CLOUD, Minn. — Harry Stiner, Casper Junglin and Mike Lutgen, former police officers here, under indictment for robbery in connection with a raid on the Bretz farm in Haven a year ago last fall, appeared before Judge Booth. They were fined \$75 each.

DISABLED VETERANS TO OWN MILL CITY FOR ANNUAL MEETING

Service Men to Meet at Minneapolis Latter Part of June; St. Paul to Help Entertain

MINNEAPOLIS, Minn. — By The Associated Press. — Like the many towns on the French battle-front which capitulated during the war, Minneapolis will literally "surrender" itself to the 10,000 disabled veterans of the disabled American Veterans of the World War in this city June 25 to 29.

"The disabled service men will 'own the town' during their stay," says Mayor George E. Leach, himself a disabled service man who led the 151st Field artillery.

On the opening day, Monday, June 25, St. Paul is given the honor of entertaining the visitors.

Tuesday a mammoth parade will be staged in Minneapolis. The majority will march, but it is estimated that about 40 per cent of the veterans will have to be taken in automobiles, due to their disabilities.

A tour around the city and Lake Minnetonka with the Minneapolis chapter of the disabled veterans' organization as host, is scheduled for Wednesday. Thursday evening is set aside for the grand formal ball, the premier social event of the meetings.

A summer Mardi Gras festival, with fireworks and vaudeville entertainment will show honors with the public dance at the huge armory here for the final entertainment on the closing day, Friday.

Public Debate

ASKS SCHOOL DELAY
To the Editor of The Tribune and Leader-Press, City.

Dear Sir: Large public interest is manifested at present on the result of what the common council will do with the two public school houses at present under contemplation of building. The Lincoln school bids amounting to about \$229,000 and the vocational at \$150,000, or a total of over \$400,000 with probably extras and the additional cost of equipment makes it a very important matter, especially to the taxpayers who pay the freight.

The outside contractors being the lowest bidders, entering into it at the solicitation of the city, are entitled to first consideration, and the natural disposition is to award them the contracts, and go ahead with the work at once.

However, the aldermen in the council are justified in consulting public opinion before passing finally on the matter.

The size of the contracts and the importance attached to the work, should call upon their best service and judgment before awarding either one. A delay until January might be beneficial, and the reasons would not be difficult to find and consider, such as possible lower cost of building material, labor more plenty and in greater need of employment, and the cost of heating the buildings by the city in cold weather, which is a large item, while under construction, and the difficulties encountered in building during cold weather.

Construction of school buildings to serve for 50 to 100 years is all too important to rush through without giving it full and deliberate consideration, and any effort to push the council to close up the contracts without that is not sound policy.

As the taxpayers are the ones most vitally interested, why not call for them to appear at the city hall to meet the Aldermen at their next meeting Friday night, June 15?

Very truly yours,
H. L. TAYLOR.

NELSONS SUBDUE UNION GIANTS IN SECOND BATTLE HERE

OMER BIG BENN HOLDS VISITORS TO SEVEN HITS

Sensational Support in Pinches Aids Big Hurler to Victory, 4 to 3

RICHIE BANISHED IN FAVOR OF TAYLOR IN THE FIFTH

Locals Get Eight Hits, Five off Richie

WITH sensational support behind him and working his fade-away drop to perfection in the pinches, Omer Big Benn, idol of the Kickapoo valley and hero in many grandstand battles at Capeland, came back into his own Wednesday and subdued the Union Giants for the sixth time. Big Benn and the La Crosse Nelsons staged triumph at the close of the battle, 4-3.

In letting the Giants down with seven blows Wednesday Benn assumed his team-mates that he is back with his old-time punch, relieving some worry over the strength of the locals' hurling staff.

Richie Knocked Out

Big Benn participated in the hitting rally that led to the banishing of Richie in the fourth inning, the big hurler getting the last of three successive hits which, together with a hit by Benn, gave the locals two runs. Richie, who had pitched for five hours in four seasons on the mound, Taylor, the Giants' new wonder, allowing three errors in the four remaining innings.

There were a number of bright spots in the local defense Wednesday that added to the amusement of the fans, who turned out in even greater numbers than at the opening game. Walters contributed a feature in stalling a stinging liner off Luther's bat in the seventh inning which would have gone for at least two bases. The ball was gradually falling a rise until Walters' stoppage at short. Shultz made another surprising grab at second for a putout, while Smith proved that it is possible to avoid the giant's wrath by being first to third on Schaefer's sacrifice in the fourth. He was credited with one stolen base.

Cut Off Two Scores

The Nelson infield showed up brilliantly in the fifth inning when two giant runners were snuffed at the plate, cutting off the scores that would have been the locals in the second game. The giants, however, slipped in two scores on an error and hit by Lowe, Turner, and Taylor. Lowe was thrown out by Walters and McConnell shot the ball to T.H. to throw out Turner. Batted on in the number of outs in the sixth, Benn proved to first on his easy ground while Williams was making a play for Well at third, the means of being cut off at first on a swift pop from Lowe at third after Well was out. Two putouts were scored on the one ball.

A base on ball to Shields, sacrificed by Walters and a single by Smith resulted in a score for the Nelsons in the first inning. In the fourth, Smith was hit by a pitched ball, T.H. sacrificed, and successive hits by T.H., McConnell and Benn resulted in two scores.

In the eighth, the locals tallied again on a hit by Smith, sacrifice by Schaefer and an error by Williams at short.

Turner, first baseman, was released by Glickson after the fifth inning Wednesday. Turner was involved in all of the squabbles during the game and was ordered to turn in his suit after protesting a decision in the first inning.

The Nelsons meet Prairie du Sac in two games Saturday and Sunday. The Montagues go to Blair.

MAJOR LEAGUE COMPETITION GROWS KEEN; LIVELY FIGHT FOR PLACES NOW PREDICTED

CHICAGO, Ill.—By The Associated Press.—Competition in major league baseball is keener right now than it has been at any time so far this season and the edge is getting sharper in both leagues every day. Before the season opened it appeared that there would be a lively fight in the American, but mostly for second place; in the National most critics conceded the pennant hands down—except Manager McGraw, who repeated that old saw, "You never can tell in baseball."

Six games separate the first six teams in the National today, which means that within a week there could be an altogether different alignment of the standing in that circuit. The Giants dropped the first of a series to Cincinnati, 1 to 2, while Philadelphia was beating the defenseless Phillies, 4 to 2, and the gap between first and second place was narrowed to four and one-half games.

Chicago could have been in third place Thursday if it had not been for a walk-off home run when it appeared the walk-off was over for the day. The score was 8 to 4, and by the time the home run was hit, the Cubs had won seven consecutive games.

Brewers' Hornsby's return to the game after an absence of three weeks was a surprise. He pitched for the first time in the American since he was found to be hurt by a pitch in the first game of the season. He pitched for the first time in the American since he was found to be hurt by a pitch in the first game of the season.

There were a number of bright spots in the local defense Wednesday that added to the amusement of the fans, who turned out in even greater numbers than at the opening game. Walters contributed a feature in stalling a stinging liner off Luther's bat in the seventh inning which would have gone for at least two bases. The ball was gradually falling a rise until Walters' stoppage at short. Shultz made another surprising grab at second for a putout, while Smith proved that it is possible to avoid the giant's wrath by being first to third on Schaefer's sacrifice in the fourth. He was credited with one stolen base.

DR. PRINCE DOES NOT INTEND TO RESIGN HE SAYS

Rumor to Effect He Will Quit Post Untrue, Says Doctor; Sparta Man Delegate

SPARTA, Wis.—Special—Word has gotten in circulation to the effect that Dr. L. H. Prince, had resigned his position as Superintendent of the State school for dependent children. When Dr. Prince's attention was called to the statement made in one of the papers to the effect that he had tendered his resignation, he said "I have not resigned, neither do I intend to." Dr. Prince has not the slightest idea how the story started. His term expires June 30. He has made a fine record, both in the care of the children at the school and as a citizen and community worker. Doubtless an effort will be made to influence the Board, in his re-appointment.

D. L. Jones, I. O. O. F. Deputy

At the convention of the I. O. O. F. held at Fond du Lac, last week, D. L. Jones of Sparta was chosen Deputy Grand Master for Wisconsin. This is the next to the highest post in Odd Fellowship in the state, and is a signal honor to Sparta's citizen. Fred Steele represented the Sparta Lodge at the convention, and Mrs. George Johnson was the Rebekah delegate.

Arrangements are being made for a reunion of members of old Co. L of Sparta 125, Inf. on Monday, July 9, at Sparta. Every surviving member of the 250 men, who were on the rolls in the fall of 1917, will be notified. If the committee can find their addresses, and it is planned to have a big Get-together to enjoy talking over old times. At this reunion steps will be taken to form a permanent organization for the purpose of keeping in touch with all the members of the outfit. Those who play to attend are urged to notify Harry W. Hoffman, at once.

Marriage Licenses

The following marriage licenses were issued the past week by County Clerk W. Edward Schaeffer: Vernon County and Elsie Lueck, town of Portland; William F. Brown and Lorna Kohl both of Tomah; Otto Roscorius of Greenfield and Emma Burkholz of Lincoln; August Ernest Gahower of town of La Grange and Gladys M. Lamb of Tomah; Andrew Fleishman and Mille Schroeder of Tomah.

ELKS TO OBSERVE FLAG DAY WITH A PROGRAM TONIGHT

M. K. Reilly of Fond du Lac Principal Speaker at Celebration in Riverside Park

Flag day is being observed in La Crosse today. Downtown buildings were draped with American flags as a tribute to the birthday of the Stars and Stripes. The Elks, in accordance with their annual custom, will hold appropriate flag day exercises this evening in Riverside park, beginning at 7:15 o'clock. The Spanish War Veterans, American Legion, G. A. R. and Women's Relief Corps have been invited to take part in the exercises. The public also is invited to attend. The program follows: "The Star Spangled Banner," Elks' band; introductory exercises, exalted ruler and officers; prayer, chaplain; "Columbia the Gem of the Ocean," Elks band; History of the Flag, Harry Robinson; altar service, exalted ruler and officers; song, "Auld Lang Syne," officers and members; medley of southern airs, Elks' band; address, Michael K. Reilly, Fond du Lac lodge, No. 57, R. P. O. E.; song "America," audience to join in.

TWO COUNTIES PROPOSE

JOINT T. B. SANITARIUM MARINETTE, Wis.—Indications are that unless public sentiment goes contrary, the counties of Marinette and Oconto will unite in erecting a tuberculosis sanitarium next year. The committee in charge reported favorably to the county board on Tuesday, after holding a conference with the Oconto committee. The estimated cost of the new institution is between \$75,000 and \$100,000. It is planned to have fifty beds in the sanitarium. No action will be taken until November.

Carpets which are made on a paper mesh foundation are being manufactured in Germany.

My Beauty

How I won and kept it

I made myself a famous beauty 40 years ago. Now at the age of 80 I am still a beauty. On the stage and off the stage I look like a girl of 19. I owe this to French experts, who combined 33 supreme beauty helps in four matchless preparations. Now your stores supply them, and I want them to bring to millions what they brought to me. My Beauty Book tells the story. Write me for it—now.

Business Address, Waukegan, Wis.

MOVIES

"LOST AND FOUND"

A romantic motion picture is coming to the Majestic theater today for three days. This is "Lost and Found," a story of tropical passions, as sudden and violent in their fury as tropical storms. The action takes place partly on the Island of Tahiti and partly on board the ship of Captain Blackbird, a planter whose bitterness upon being deserted by his wife for another leads him into the South sea slave trade, sworn to revenge upon every woman who comes into his power.

His bitterness is unable to withstand the assault made upon his parental affection when he finds that the woman he is compelling to marry his evil first mate is the daughter his wife had taken with her. He turns upon his own men and there is a terrific fight between the whites and the natives on the ship.

The picture is a mass of color, drama and emotion, acted by Pauline Starke, House Peters, Rosemary Theby, Antonio Moreno, George Siegmann, William V. Mong, Carl Harbaugh, Mary Jane Irving and others.

"THE ISLE OF LOST SHIPS"

Maurice Tourneur's latest production, "The Isle of Lost Ships," came to the Rivoli theater last night and scored a success. Fantastic, weird, unusual and fraught with the mystery of the sea, "The Isle of Lost Ships" is one of the strangest stories that have been presented on the screen. It tells the tale of a mysterious region where the derelict ships of the ocean drift together. In this welter of hulks there are to be found the lost cargoes of Columbus and modern liners; Spanish ships of the times of Cortez and the lost boats of Raleigh's ill-fated cruises. And whether the author, Crittenden Marriott, brings his hero,

his heroine and his villain to work out their strange destinies in a locale utterly new and novel.

Milton Sills plays the role of the hero, a condemned man sentenced to die in the electric chair at Sing Sing. Anna Q. Nilsson plays the role of the heroine, a daughter of a New York millionaire. Frank Campbell gives perhaps the best performance of his career, in the role of Jackson, a New York detective. Walter Long is cast as the villain of the tale.

The girl, the convict and the detective find themselves in a weird colony of those who have been shipwrecked before them—newly arrived castaways and descendants of those wrecked in ancient days.

"NIGHT HAWK" FIGURES

The term "night hawk" used as a figure of speech, signifies in big cities, as most people know, the fraternity of "independent" or free lance gunmen who depend chiefly for their living upon the patronage of midnight and the small hours of the morning. Nowadays not a few city cabmen work in collusion with out-and-out highwaymen—seeking the prey and presenting it to their "strong arm" comrades for robbery.

In the open country—especially in the mountainous regions of the west and southwest as these were years ago—the term "night hawk" was generally applied to a lone bandit—the highwayman who had no connection with any band, but operated always without aid or comrade.

Such a mysterious man is the central figure around whose depredations the noted Zane Grey built his stirring novel, "The Last Trail." This story William Fox has utilized in making a big special photoplay under the same title—a play which is to open today at the Casino theater.

sub-amendment No. 18 to 2848. We also urge that in any tax measure adopted, local government be given its usual and fair share of revenue.

Local Rates Urged

The amendment which the municipal league approved is Senator Titus' amendment to the latest highway tax proposal, which provides for the taxing of automobiles according to the local rate of taxation, the money to remain with the local governments.

King of Norway is one of the best oarsmen in his realm.

CITIES ASK SHARE OF AUTO TAX CASH

League Asks Consideration for Cities and Villages in Proposed Law

STEVENS POINT, Wis.—The League of Wisconsin Municipalities, at its meeting on Wednesday, went straight to the senate of the Wisconsin legislature, asking consideration for cities and villages in the passage of an automobile highway tax bill at the present session.

The resolution, introduced by Mayor Daniel W. Hoan of Milwaukee, was transmitted by telegram to Governor Blaine, Senator Staudenmeyer, chairman of the highway committee, and to Assemblyman Dineen, also a legislative highway leader.

Text of Resolution

The resolution follows: "The demands upon both village and city governments have so greatly increased that it is impossible to administer the affairs of most of them without some financial assistance by the legislature. Fifty-seven per cent of Wisconsin's population lives in villages or cities. Over 300 officials of these in convention assembled petition the legislature to adopt some plan of automobile legislation to pay for some of their cost of local government. We approve amendment 28 to

LANGDON AIDS IN DEDICATING MASONS' HOME ON THURSDAY

La Crosse Man Principal Speaker at Exercises at Dousman, Wis.

John E. Langdon, past grand master of Wisconsin Masons, will be one of the two principal speakers at the dedication of the new Masonic home and grounds at Dousman, Wis., Thursday. Most of the Masons from southern and middle Wisconsin, now gathered in Milwaukee to attend the grand lodge session, will make the pilgrimage by auto to Dousman for the dedicatory ceremony.

Members of the Eastern Star will lay the cornerstone of the hospital being erected adjoining the home. The other speaker at the dedication besides Mr. Langdon will be Alexander E. Matheson, Janesville, chairman of the home building committee.

The principal speakers at the laying of the cornerstone will be Charles F. Lamb, deputy grand master, Madison; Miss Viola Hayter, grand matron, Racine, and Mrs. Nellie M. Townner, president of the Eastern Star Masonic Home association. The home grounds, consisting of 310 acres, fully equipped with buildings and machinery, and an endowment fund of \$200,000 were given to the grand lodge by Willard A. Van Brunt, Horicon, well known Wisconsin manufacturer.

Charles F. Lamb, Madison, former deputy grand master of the Grand lodge, F. and A. M., was elected grand master, to succeed John E. Langdon, La Crosse, at the Wednesday morning grand lodge session. Other officers elected were: W. H. Webb, Superior, former grand senior warden, was

made grand senior warden, and Herbert W. Dixon, Menomonie, senior deacon, was made grand junior warden. The officers were installed Wednesday afternoon.

It was reported that there are 49,500 Blue lodge Masons in Wisconsin. About 400 members of lodges in the state are in Milwaukee attending the annual session.

DEATH RATE AT OSHKOSH STAYS HIGH DURING MAY OSHKOSH, Wis.—There were more deaths recorded in Oshkosh during May than in April, but fewer than in either February or March.

Deaths in May reported to the local registrar of vital statistics, Dr. A. H. Renche, numbered fifty-six, as against fifty-one in April, while February and March each had sixty-one. Births reported in May numbered seventy-four and there were twenty-eight marriages.

100 RECEIVE DIPLOMAS AT LAWRENCE WEDNESDAY APPLETON, Wis.—What is your ideal? What is your purpose in life? There is no higher goal nor greater ideal than a noble character. With these words directed to the members

To Keep Face Youthful, Fresh and Spotless

More important than the cosmetic care of the complexion is its physical care. To keep the face clear, fresh, youthful, there's nothing better than ordinary mercolized wax. It actually absorbs the soiled or faded worn-out skin particles. By all means, acquire the mercolized wax habit. It's so easy to get an ounce of the wax at the drug-gist's, apply at night like cold cream and wash it off next morning. There's no detention indoors, the old skin coming off so gradually no one suspects you're using anything. When in a week or two the alluringly youthful, roselike under-skin is fully in view—well, you will be "pleased beyond words." It must be apparent that this process means complete riddance of cutaneous blemishes like freckles, pimples and blotches.

To Free Your Arms of Hair or Fuzz

(Boudoir Secrets)

No toilet table is complete without a small package of delatone, for with it hair or fuzz can be quickly banished from the skin. To remove hairs you merely mix into a paste enough of the powder and water to cover the objectionable hairs. This should be left on the skin about 2 minutes, then rubbed off and the skin washed, when it will be found free from hair or blemish. Be sure you get the genuine delatone.

ACTION OF COUNTY BOARD OF WINONA MAY FREE BRIDGE

Designates Boundary Line for State Aid and Says Toll Must be Removed

An action which was regarded in official circles as offering a permanent solution of the problem of the Mississippi river bridge and bridge toll was taken by the Winona county board in adopting a resolution intended to bring about the designation of the Minnesota section of the bridge and its approach as a state aid highway.

If State Highway Commissioner C. M. Babcock acts favorably upon the board's request, as it is understood he has indicated he will do, the section of the bridge which lies in Minnesota will become the property of Winona county, will be designated by the state highway department as a state aid road and will become eligible for aid from state highway funds.

Must Remove Toll
The county board lays down as its only condition that the city of Winona must remove the toll. Members of the city council have indicated unofficially that they are prepared to remove the toll if the city is relieved of the bridge and the expense of maintaining it.

With regard to the section of the bridge which lies in Wisconsin, it is understood that the Wisconsin highway department is prepared to assume charge of that and incorporate it in the trunk highway system, if the toll is removed.

Thus, officials pointed out, the last apparent obstacle to relieving the city of the bridge and to abolition of the toll is in a fair way of being removed.

Designation of the bridge and its approach as a state aid highway will in no way relieve the city of its obligation to pay off the bridge debt, it is understood.

Bridge in Minnesota

It is also understood that both Wisconsin and Minnesota authorities are in agreement that the boundary line between the two states, as far as the point covered by the bridge is concerned, is in the center of the north branch or slough of the river, that is, half way between Lutesh Island and the stone house, rather than the main channel, as previously claimed. The importance of this interpretation of the boundary is that it puts the major portion of the bridge in Minnesota, and only a relatively small portion in Wisconsin.

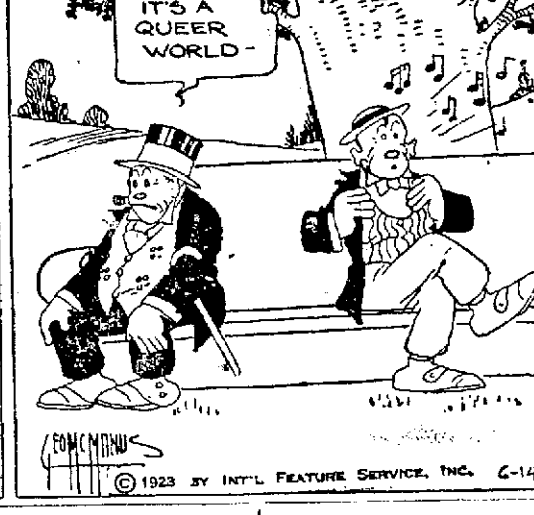

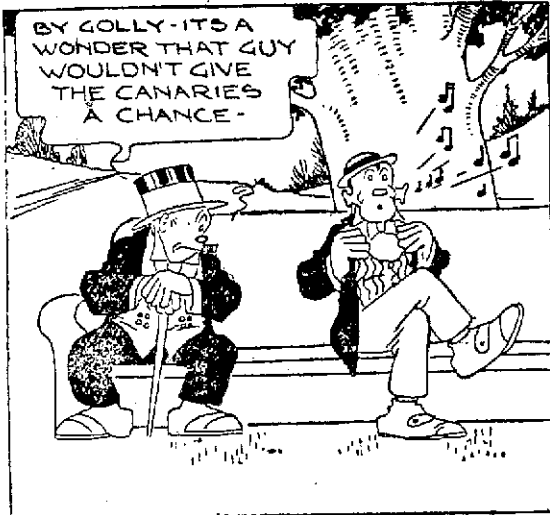

The county board's action followed a conference with Division Highway Engineer, Chapman, representing Commissioner Babcock. Mr. Chapman is understood to have petitioned the board to request the state highway department to designate the bridge and its approach as a state aid road, with the indication that Mr. Babcock was prepared to grant the request. This procedure was necessary, it was pointed out, in view of the requirement that action seeking designation of state aid roads must originate with the county.

QUEEN'S NIECE MARRIED

LONDON.—By The Associated Press.—Lady Mary Cambridge, niece of Queen Mary, and the Marquis of Worcester, were married Thursday in St. Margaret's church, Westminster. The king and queen, Queen Mother Alexandra and many other notables were present.

Sapphires are very popular for engagement rings in Paris, following the fashion set by the Duchess of York.

Looking Ahead

IN ATTEMPTING to vision the demands for its products, which the next ten years may develop, the Standard Oil Company (Indiana), taking counsel of its long experience, is preparing to care for an enormously increased business when it develops.

In the decade just past the demand for gasoline has increased far beyond the dream of the most imaginative, as viewed from 1913.

In that year there were 1,287,000 automotive vehicles registered in continental United States.

Today, there are more than ten times as many, yet, the Standard Oil Company (Indiana) is able to supply the demand for its service now more promptly and with greater efficiency than was possible ten years ago.

The Company has been able to keep up with this great, constantly increasing, demand because it always is working with a keen eye to the future and preparing, so far as is possible, for the extreme demand which may be developed.

During the past ten years the Company has found it necessary to expand its manufacturing facilities to an extraordinary degree; to create and develop processes which would recover a greater amount of gasoline from a given quantity of crude, without in any way sacrificing quality—to expand and perfect a network of distributing outlets which would operate with machine-like precision—bulk storage depots, service stations, delivery trucks and tank wagons.

Not even the remotest spot in the ten Middle Western states is without Standard Oil service.

All of these things have been done. They have been accomplished without any blare of trumpets—just as a part of the day's work.

It is the ambition of the 27,000 men and women who make up the personnel of the Standard Oil Company (Indiana) to conduct every department of the Company's activities so that you, as an American citizen, will point with pride to the Standard Oil Company (Indiana) as a leader in a highly specialized branch of an essential industry.

Standard Oil Company

A Couple Who Face a Financially Fearless Old Age

THE aged parents of a business executive who died a short time ago, can look forward to the future without fear of financial want.

Through his will, the son provided a trust fund, the income from which is equal to the amount he devoted to his parents' support, while he was living.

The advantage of such a trust is that it relieves the old people of the strain of watching investments and of the risk of loss. They would be less able to bear either now than at any other time in their lives.

We shall be glad to send you a copy of "Safeguarding Your Family's Future," a 24-page booklet that discusses wills and trusts and trust company service.

La Crosse Trust Company

Take your complexion seriously

Are your pores enlarged or clogged with waste matter? Is your skin rough, unusually oily, blotched, or red? Don't neglect the treatment of these defects when Resinol Ointment and Resinol Soap usually overcome such troubles quickly and easily. Resinol Ointment soothes and heals the skin while Resinol Soap cleanses and refreshes it.

Try them and see. At all druggists.
